3. DISCLOSURE OF INTERESTS

3.1. DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Division 6 Subdivision 1 of the Local Government Act 1995 requires Council Members and Employees to declare any direct or indirect financial interest or general interest in any matter listed in this Agenda.

The Act also requires the nature of the interest to be disclosed in writing before the meeting or immediately before the matter be discussed.

NB: A Council member who makes a disclosure must not preside or participate in, or be present during, any discussion or decision-making procedure relating to the declared matter unless the procedures set out in Sections 5.68 or 5.69 of the Act have been complied with.

DISCLOSURE OF INTEREST AFFECTING IMPARTIALITY

Disclosures of Interest Affecting Impartiality are required to be declared and recorded in the minutes of a meeting. Councillors who declare such an interest are still permitted to remain in the meeting and to participate in the discussion and voting on the particular matter. This does not lessen the obligation of declaring financial interests etc. covered under the Local Government Act.

To help with complying with the requirements of declaring Interests Affecting Impartiality the following statement is recommended to be announced by the person declaring such an interest and to be produced in the minutes.

"I (give circumstances of the interest being declared, eg: have a long-standing personal friendship with the proponent). As a consequence, there may be a perception that my impartiality on this matter may be affected. I declare that I will consider this matter on its merits and vote accordingly".

4. PUBLIC QUESTION TIME

The following members of the public were present for public question time:

Shaun Brand – on behalf of Blackboy Springs and Industrial Area. As one of the three business owners in the Industrial Estate feels like he is being targeted. Would like a simplified explanation of the rate review.

Cr Turton advised that the process is rating fairness in rural residential areas. It is not about people paying more, this could have been done with the existing system, but Council has refrained from doing so. Council is committed to ensuring that there is little or not increase in the first year and then phasing in over three years.

Morgan McKenzie – Blackboy Springs. Emailed this morning, queried if any rate increases could be applied equally across the board, eg 0.20c per ha?

Cr Turton responded that rate increases in the past have been over all ratepayers, and that Council is prohibited by legislation to charge rates by the method suggested.

Mal Wilkins – Blackboy Springs. Advised that he and Shaun canvassed the area which highlighted confusion amongst the local community. Asked that if Council holds a community meeting that it gives some specific examples of what the change means?

Cr Turton advised that Council is in the planning process of arranging an information session on this matter. Council will be able to provide some general advice, but is unable to provide specifics.

Lucy Jones - Where would Council spend any increase in rates on?

Cr Turton advised that rates goes towards general revenue, and expenses are extracted from the Long-Term Financial Plan and Corporate Business Plan.

David Morris – would like to present Council with a proposition for a “corner store” development of the fuel station site. Has experience with solar passive construction, and believes the “corner store” option is something the community needs. Open to further discussions on this matter.

Cr Turton advised Mr Morris that he should remain in touch with the CEO, and will be happy to have a more detailed proposed presented to Council.

Cr Turton thanked the guests for coming along to the meeting.

Meeting adjourned at 4:50pm and resumed at 4:55pm

Re: Review of Valuation Method used for rating properties in the Shire of Wandering.

The following Blackboy Springs residents are requesting further clarification regarding the matter above. Although the Shire has provided an information pack pertaining to this, we feel as though a more simple and concise explanation is needed.

We also request that we are provided with a 3-year forecast specifically relating to improvements to be made to the Blackboy Springs development, in order to see where our rates are actually going.

Full transparency and disclosure would be most appreciated.”

9. BUSH FIRE NOTICE

Bush Fire Notice for 2020/21 sent out to all Ratepayers with rates notices. It is also posted on the Shire's website.

10. GENERAL BUSINESS

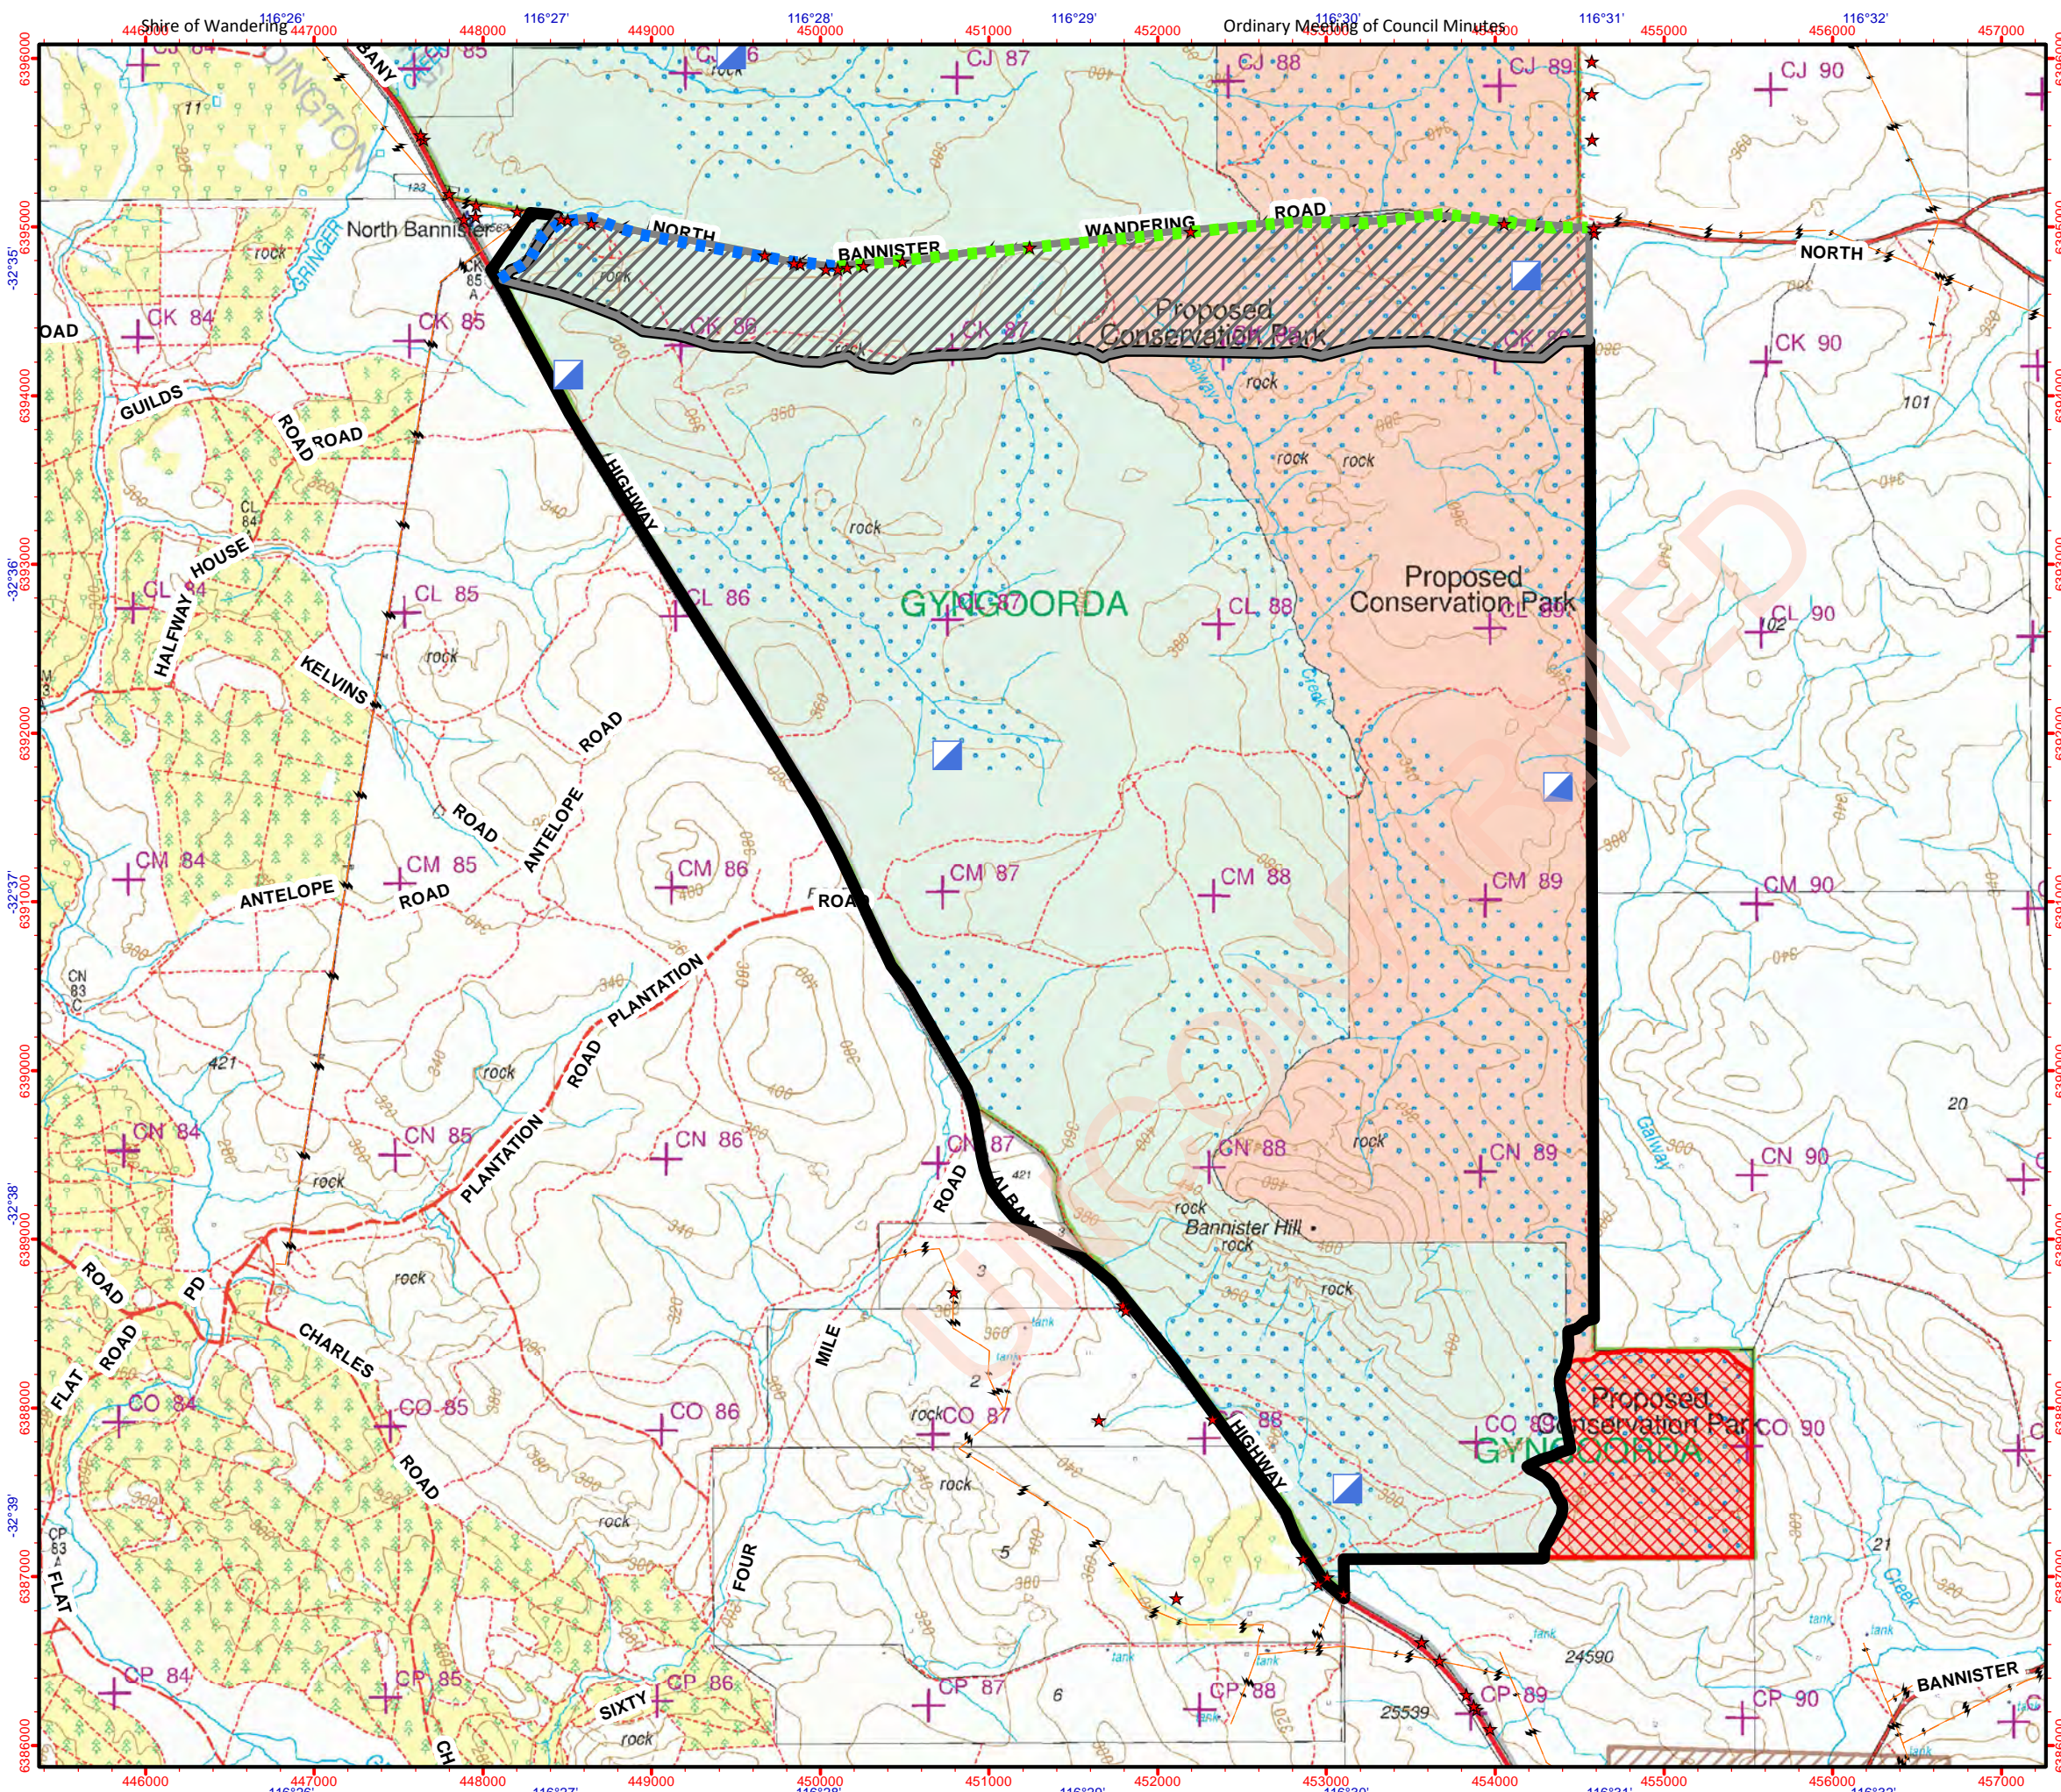

1. Prescribed Burn Plan – Parks and Wildlife Service (see end of report for maps)
 - Wandering 4 – priority being the north east corner, but ultimately we would prefer to treat most of the burn area except those cells which are almost entirely grasses or have no breaks. Given the Wandoo fuel and grasses we won't start that until Autumn 2021.
 - Gyngoorda - given the wandoo fuel and grass we would look at that for Autumn 2021. We also prefer westerly winds for a few days following for smoke/fog reasons.
 - Nature Reserve areas in the North Wandering Road - Some concern since they were last burned was raised at the meeting. *Barry to follow up with Chris - Phoebe DBCA.*
2. Season Outlook - Condensed Version:
 - The 2019/20 fire season saw widespread hot & dry conditions across large areas of Australia. Nationally we are unlikely to have a repeat of these conditions in 2020/21. The

maximum temps this year are expected to be closer to average – last season was well above average.

- Warm & dry conditions over winter 2020 has resulted in very much lower soil moisture (top 1 metre) compared to the average for that area/that time of year. While this is true for the eastern parts of this region Wandering soil dryness is close to average (see below - red line is this year, black is the 5year average – the higher the line the dryer the conditions).
 - Outlook for Spring & Summer is not as extreme as last year – we are entering Spring in a slightly worse position compared to last year due to Winter being warmer & dryer than usual.
 - Over 70 years of Forest Fire Danger Index records there is a trend with fire seasons now starting almost 2 months earlier.
 - Even though conditions are forecasted to be average, even an average season can produce challenging bushfires.
3. Servicing of vehicles and plant. Town Brigade vehicles have been serviced.
- Peter Monk requested that an SMS to other brigade members requesting they check their own gear to make sure they are ready for the fire season.*
- Shaun Brand discussed ways of bringing to the attention of Blackboy Springs resident's ways they can positively contribute to the fire season. Possibility of joint get together/meeting of town, Blackboy Springs and Wandering Downs.*
4. Incident Reports – Barry stressed the importance of completing reports and getting them to the Shire ASAP.
5. Fire break at Blackboy Springs – there are wire gates on the break that need to be addressed – *Barry to follow up.*
6. Identification stickers on vehicles – *Maureen advised following up on replacements with supplier.*
7. Industrial area – fire hydrants and/or tanks for fire fighting purposes. Belinda advised that the RED grant application included tanks for firefighting purposes.
8. Turret (suction device) – would like to investigate purchasing an additional one.
9. Wooden bridges – concern that there is significant vegetation surrounding various bridges. Barry advised that a staged mitigation process is in place.
10. Request investigation to purchase a heavy duty back blower for small fire extinguishment.
11. Follow up accreditation for prescribed burn early 2020.
12. Paul Blechynden provided a hypothetical scenario to Barry regarding the Katanning Fire and how it would impact Wandering if it happened here.
13. Road closures during fires – FCO can close any road, but only Shire can reopen Shire Roads and Main Roads can approve the reopening of state roads like the Albany Highway.

11. MEETING CLOSURE

BRIEF SUMMARY

To consider a policy to govern the annual treatment of trading hours during Christmas, New Year and Easter.

BACKGROUND

This policy was initially presented to Council in July 2019, however at that time it reflected the closure of all services. In light of the need to maintain an Australia Post service the policy has been amended to reflect this. The policy also includes restricted hours for the CRC for the same period as the administration office, which is seen as particularly important in this year of COVID-19 to maintain a level of connection with our community.

OBJECTIVE:	<ul style="list-style-type: none"> To ensure equitable and uniform application of the closure of the Shire Depot and Administration office during Christmas/New Year and Easter periods annually.

POLICY STATEMENT

The purpose of this Policy is to enable the closure of the Shire Depot and Administration Office without the need for annual pre-approval from Council.

1. SHIRE DEPOT

Closure for the following periods each year:

- Christmas/New Year – usually 12:00noon on the last working day one week before Christmas Day, and reopens on the first working day after New Year's day, provided the closure is no greater than three weeks; and
- Wednesday through to the Friday after Easter (Monday being a public holiday and Tuesday being an award (govt) holiday) (three working days).

Subject to:

- Employees taking either time-in-lieu, paid leave or unpaid leave for these periods, excluding public holidays and RDO's; and
- Suitable emergency arrangements being put in place.

2. ADMINISTRATION OFFICE & COMMUNITY RESOURCE CENTRE

Restricted opening hours for the following periods each year;

- Closing the Administration Office and Community Resource Centre at 12:00noon on the last working day before Christmas Day.
- Non-public holidays between Christmas and New Year, restricted opening hours of 10am – 2:00pm, resuming normal hours on the first working day after New Year's Day.

BRIEF SUMMARY

To consider a policy as directed by Council at its July Meeting, setting thresholds for endorsement of grant/project applications.

BACKGROUND

This policy was initiated as a result of an agenda item presented to the 18/07/2020 Council meeting on the Wandering Campout Weekend.

Moved Cr Curtis

Seconded Cr Treasure

That Council directs the CEO to prepare a policy for Council consideration and adoption, to ensure proposed grant applications that meet the following criteria are endorsed by Council prior to their submission:

- *Applications for grants for projects/events that are included in the current budget, with a value greater than \$5,000; or*
- *Applications for grants for projects/events that are not included in the current budget irrespective of their value.*

CARRIED 7/0

Council had not had an opportunity to endorse the Campout Event prior to any grant application, and given the scale of the event, Council resolved that it did not endorse the event in its current format.

This policy is to give the CEO clear guidelines of when Council endorsement is required when developing projects and subsequent grant applications. It should be noted that this event had a predicted budget of \$117,300 which was not included in the 2020/2021 adopted budget.

PREAMBLE

Grants are widely used to achieve policy objectives, and provide significant benefits, through the Shire working in partnership with individuals and organisations to deliver outcomes for the local community.

To assist with delivering outcomes for the Shire, the Council remains committed to simplifying and improving transparency of grants administration.

POLICY STATEMENT

Before entering into an arrangement for the proposed commitment of relevant money there must be authority to support the arrangement. Therefore, the following shall guide the CEO in the preparation of grant/project applications:

- Applications for grants for projects/events that are included in the current budget, with a grant component value greater than \$5,000; or
- Applications for grants for projects/events that are not included in the current budget irrespective of their value.

Where there is insufficient time between Council meetings to ensure compliance with this policy, the grant/project application may be presented to the next available Council meeting for endorsement or otherwise.

Grant acquittals as a result of the application of this policy must be presented to Council for evaluation of the success of the grant/project.

BRIEF SUMMARY

To consider market appraisals for 7 Gnowing Street, Wandering.

BACKGROUND

21/11/2019: Council authorised the CEO to obtain two current market appraisals for Lot 43, 7 Gnowing Street, Wandering, and present these to the first available Council meeting before determining the next step of the process.

19/03/2020: Council resolved to proceed with the sale of Gnowing Street, at a sale price of \$140,000.

17/10/2020: The finance condition has now become unconditional; therefore, the sale may now proceed subject to:

- A Valuation being obtained; and
- Local Public Notice of the proposed sale.

3.58. Disposing of property

(1) *In this section —*

dispose includes to sell, lease, or otherwise dispose of, whether absolutely or not;

property includes the whole or any part of the interest of a local government in property, but does not include money.

(2) *Except as stated in this section, a local government can only dispose of property to —*

(a) *the highest bidder at public auction; or*

(b) *the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.*

(3) *A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —*

(a) *it gives local public notice of the proposed disposition —*

(i) *describing the property concerned; and*

(ii) *giving details of the proposed disposition; and*

(iii) *inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;*

and

(b) *it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.*

OBJECTIVE:	<ul style="list-style-type: none"> To ensure consistency for landholders when looking to provide access to their property from a Shire road

POLICY STATEMENT

The Shire of Wandering will provide one minimum width gravel crossover to each property free of charge as follows:

- Residential – 3.0m
- Rural Residential – 4.0m
- Rural – 6.0m

For the purposes of this policy, “each property” shall mean all the land described on a single rates assessment. Any additional crossovers required by the landholder shall be at their cost.

Damage: If the Shire damages a constructed crossover, it shall replace the damaged crossover with like for like construction at no cost to the landholder.

BRIEF SUMMARY

Council to consider the required service levels for the maintenance grading of gravel roads within the Shire of Wandering

BACKGROUND

The Shire of Wandering has approximately 312 km of gravel and natural surface roads that the shire currently maintains through regular and reactionary maintenance. The road surfaces and conditions can vary greatly from wide formed roads with a good depth of compacted gravel to narrow unformed roads with sandy surface material and poor drainage.

This has caused ongoing complaints to Shire Staff and Councillors regarding the level of service that some roads receive compared to other roads within the Shire.

Based on information from community requests, shire data and gravel road grading and inspections over the past 12 months a program has been developed to set service levels for maintenance grading within the Shire (see attached). The program has been based on several factors including traffic volume on the road if known, where funding applications for gravel road resheeting will be based on renewing these roads as a priority over the next 5 years.

STATUTORY/LEGAL IMPLICATIONS

POLICY IMPLICATIONS

Policy 28 - Unmade Road Contribution;

Policy 58 – Road Making Materials.

FINANCIAL IMPLICATIONS

There should be no major financial implication in 2020/2021.

STRATEGIC IMPLICATIONS

IMPROVE THE ECONOMIC GROWTH OF OUR COMMUNITY

Our Goals	Our Strategies
The agricultural industry continues to be a main economic driver	Maintain our road network to a high standard
Roads are a critical driver for our Shire	Develop a Road Management Plan, which incorporates a Road Hierarchy, minimum Service levels, Maintenance Policy, Contractor Policy and Asset Management Plan

CONSULTATION/COMMUNICATION

Belinda Knight – Chief Executive Officer

Bradley Hunt – Works Manager

COMMENT

Having an agreed service level for maintenance grading of gravel roads will assist the Shire by feeding into the Long-Term Financial Plan and Asset Management Plan for Council to consider. The proposed unsealed road grading program will be reviewed again after summer to refine the program. If a road request for maintenance grading is received outside the listed schedule the Works Manager will assess the road condition and make the final decision on the need for an additional grade and advise the person directly regarding the request.

BRIEF SUMMARY

This report seeks Council's consideration to appointing Dual Fire Control Officers from the Shire of Williams.

BACKGROUND

In accordance with legislative requirements the Council is required to formally appoint its Bushfire Control Officers. This is done to ensure compliance, and lawfully legitimise the officer's authorisation under Bush Fires Act, 1954 in fulfilling their duty.

STATUTORY/LEGAL IMPLICATIONS

The appointment of a Dual Fire Control Officer for the 2020/21 Bush Fire season is under taken in accordance Section 40 of the Bush Fire Act, 1954 which provides that two or more local governments may by agreement join in the appointment of bush fire control officers and that officers so appointed may exercise their power and authorities in each of the districts so appointed.

POLICY IMPLICATIONS

There are no plans or policies applicable to this proposal.

FINANCIAL IMPLICATIONS

There is no impost on the Shire's finances in relation to this matter.

STRATEGIC IMPLICATIONS

RETAIN AND GROW OUR POPULATION

Our Goals	Our Strategies
People feel safe, connected and actively involved in the community	Facilitate and support Emergency Services Planning

Section 6.4 Financial report

- (1) *A local government is to prepare an annual financial report for the preceding financial year and such other financial reports as are prescribed.*
- (2) *The financial report is to —*
 - (a) *be prepared and presented in the manner and form prescribed; and*
 - (b) *contain the prescribed information.*
- (3) *By 30 September following each financial year or such extended time as the Minister allows, a local government is to submit to its auditor —*
 - (a) *the accounts of the local government, balanced up to the last day of the preceding financial year; and*
 - (b) *the annual financial report of the local government for the preceding financial year.*

Local Government (Financial Management) Regulations 1996

Regulation 34 Financial activity statement required each month (Act s. 6.4)

- (1A) *In this regulation — **committed assets** means revenue unspent but set aside under the annual budget for a specific purpose.*
- (1) *A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail —*
 - (a) *annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
 - (b) *budget estimates to the end of the month to which the statement relates; and*
 - (c) *actual amounts of expenditure, revenue and income to the end of the month to which the statement relates; and*
 - (d) *material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
 - (e) *the net current assets at the end of the month to which the statement relates.*
 - (2) *Each statement of financial activity is to be accompanied by documents containing —*
 - (a) *an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets; and*
 - (b) *an explanation of each of the material variances referred to in subregulation (1)(d); and*
 - (c) *such other supporting information as is considered relevant by the local government.*
 - (3) *The information in a statement of financial activity may be shown —*
 - (a) *according to nature and type classification; or*
 - (b) *by program; or*
 - (c) *by business unit.*

- (4) A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be –
- (a) presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and
- (b) recorded in the minutes of the meeting at which it is presented.
- (5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.

MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 30 SEPTEMBER 2020

BASIS OF PREPARATION

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996, Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 30 September 2020

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2020 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.
