Summary:

For the committee to consider the revised plan as prepared by Kim Harris as a result of Kim meeting with the committee on 18 April 2023.

Background:

The Wandering Community Centre is the community hub for the Wandering community and has been identified as a building that needs to be upgraded to ensure that community expectations of a modern facility are addressed and the building is fit for purpose going into the future.

A working group of various Community Members has been working with Council Representatives and an Architect to develop a design that meets the above objectives and it is now time to progress this further to the next stage.

Comment:

Following the community consultation held in early 2023, the committee has been focussing on the plans for the extension of the community centre to be undertaken in stages, with the first stage to be a new verandah on the eastern side of the Wandering Community Centre. Subsequently the committee met with Kim Harris from Harris Designs on 18 April 2023 to revise the plans and Kim has submitted a revised set of plans for the new verandah which incorporates the changes as requested by the committee.

The revised plans are now presented to the committee for their comment/endorsement.

Once the committee endorses the plans, they will be presented to Council for their consideration and detailed (construction) designs can be undertaken as well as a cost estimate of the approved design.
