POLICY STATEMENT

WHAT IS A POLICY?

A policy is a principle or protocol to guide decisions and achieve rational outcomes. A policy is a statement of intent, and is implemented as a procedure or protocol. Policies are generally adopted by the Council, whereas procedures or protocols would be developed and adopted by the CEO. Policies can assist in both subjective and objective decision making.

Policies to assist in subjective decision making would usually assist staff with decisions that must consider the relative merits of a number of factors before making decisions and as a result are often hard to objectively test e.g. work-life balance policy. In contrast policies to assist in objective decision making are usually operational in nature and can be objectively tested e.g. password policy.

Policy differs from rules or law. While law can compel or prohibit behaviours (e.g. a law requiring the payment of taxes on income), policy merely guides actions toward those that are most likely to achieve a desired outcome.

In summary, a policy is the “what”, a procedure is the “how”.

DEFINITIONS:

Insofar as they are consistent with enabling legislation, the following terms and the definitions noted apply to delegations made by Council and policy adopted by Council:

Authority means the permission or requirement for a Committee or the CEO to act in accordance with:

- The local Government Act or other legislation or regulation,
- A delegation made by Council,
- A policy made by Council, or
- A specific decision by Council.

Delegation means the authority for a Committee or the CEO to act on behalf of Council, where the power is either specifically or by implication, intended to be exercised by the elected members, rather than an organisational responsibility.

INTRODUCTION TO POLICY MANUAL REVIEW

DATE OF MEETING: 16/09/2021 Reviewed: 19/10/2023

Council and Management Roles in Policy Making

The Council of the Shire of Wandering has determined to develop Council Policies and Management Policies and Procedures to guide its direction and operations.

This accords with the provisions of s2.7(2)(b) Local Government Act 1995 -

2.7. Role of council

(1) *The council —*

(a) governs the local government's affairs; and

(b) is responsible for the performance of the local government's functions.

(2) *Without limiting subsection (1), the council is to —*

(a) oversee the allocation of the local government's finances and resources; and

(b) determine the local government's policies.

In addition, the Local Government Act 1995 and other Acts require, or contemplate, the development of Policies.

Policies that must be adopted by Council under various Acts include;

Local Government Act

- s5.50 Payments to employees in addition to contract or award (can be delegated to CEO under s5.42)
- s5.103 - Code of Conduct for council members, committee members and employees
- A procurement policy under regulation 11A of the Local Government (Functions and General) Regulations 1996

State Records Act, Freedom of Information Act 1992

- Record Keeping

In addition, Council makes policies under the Local Planning Scheme.

Council Policies are high level decisions intended to guide the decision-making processes of the Council, as the local government, and the CEO as the employer of all Shire employees, in implementing decisions of the Council, or under delegated authority (from various Acts). These Policies reflect current practices and procedures for the Shire to ensure compliance with relevant legislative and administrative requirements.

Many of the Council and Management Policies have been developed to support delegations and sub delegations contained within the Register of Delegations. Within the Register of Delegations, each instrument of delegation or sub delegation provides a link to the relevant Council or Management Policy, which serve to guide implementation.

In many cases there will also be detailed operational instructions in place to complement Policies. These may include CEO instructions and procedures, machinery operational instructions etc but such matters are entirely administrative and procedural.

The CEO is responsible for the development and implementation of Management Policies, but this Policy Manual contains both Council and Management Policies for completeness of the record and to ensure transparency for Shire residents and ratepayers.

Management Policies cannot be amended by Council.

Council Policy is over-riden by:

- Commonwealth and State legislation and regulations,
- The Local Planning Scheme
- Local Laws
- Council resolutions
- Decisions made under delegated authority (although all such decisions should comply with Council Policy)

Council Policy overrides:

- Management Policy (where both are in conflict)
- Local Government Guidelines – although are not decisions of Council, close observance is strongly recommended
- Operational/Administrative directions/instructions

Council Policy is not binding on the Council, but is binding on employees, unless discretion is stated. Council Policy is to be considered as Council's standing or permanent instructions.

Council Policy Manual - Governance Context

This Manual is an essential component Council's governance framework and guides Council, Management and residents in the context of Council's decision making.

The Policies in the attached Manual are designed to provide:

- a. Consistency and equity in decision making;
- b. Promptness in responding to customer needs; and
- c. Operational efficiency.

Policies arise generally in response to:

- a. Discretionary legislated powers; and/or
- b. Non-legislated functions/activities of Council; e.g. provision of a range of services, and mainly relate powers under the Local Government Act 1995.

Council Policy provides for "the rationale and guiding principles of what can be done", and Management Practice explains "how" Management will implement or carry out that Policy.

It is important to note that Policies are not legislatively binding and when good reasons prevail and are documented, can be set aside.

Reports to Council should detail relevant Policies as this provides:

- a. Guidance to council members in their deliberations on the matter in hand; and
- b. Information for residents

Policy is not required to be based in legislation but can be a stand-alone instruction of Council or the CEO. However, it cannot be inconsistent with legislation.

The Council and CEO will each review all relevant Policies on an annual basis, but when necessity requires a review to address circumstances this may also occur.

POLICY STATEMENT

The Shire of Wandering recognises the importance of maintaining this Policy Manual as a contemporary and relevant, appropriate document to guide the Council, administration and community.

Prior to introducing, amending or repealing a policy of Council, the proposal will go through the following process:

- (a) Comparisons with other Local Governments.
- (b) Likely effect on the residents - consultation if necessary.
- (c) Cost impact.
- (d) Legal implications.

All recommendations affecting policy must be made available to Council prior to the relevant Council Meeting and may not be introduced as a late item.

ADOPTED POLICY	
TITLE:	Employee Code of Conduct
OBJECTIVE:	<i>The Code of Conduct provides Employees of the Shire of Wandering with clear guidelines for the standard of professional conduct and behaviour expected of them in carrying out their functions and responsibilities.</i>

FOREWORD

The Shire of Wandering Code of Conduct for Employees, (the Code) has been adopted to ensure employees understand and respect their roles and responsibilities. This enables professional relationships to be established and maintained in the interests of providing good governance, overall integrity, and good government for the community.

Whereas previously there was a single Code of Conduct for Council Members, Committee Members and Employees, adopted by Council, new legislation requires that there be a separate Code of Conduct for Council Members, Committee Members and Candidates for Election, adopted by the Council, and for Employees, adopted by the CEO.

The Code sets out principles and standards of behaviour that employees must observe when performing their duties and is intended to promote accountable and ethical decision-making. However, the Code does not establish a rule for every situation an employee may face while performing their role and undertaking their duties daily.

The Code should be read in conjunction with the Local Government Act 1995, the Local Government (Administration) Regulations 1996, other legislation, Council and CEO Policy Manuals and operational procedures that affect employees while performing their role and duties and the Code does not override or affect those provisions or requirements.

The Code contains certain matters for employees which must be addressed as a requirement of legislation, including gifts and conflicts of interest, as well as the standards around personal behaviour, which if breached, may lead to reporting and action being taken under the Code.

In view of this, the Code details explanatory matters around key areas of:

- professional conduct
- record keeping
- use of Shire resources and finances
- conflict of interest, gifts, and benefits
- reporting breaches of the Code

Employees of the Shire of Wandering (the Shire) are subject to the provisions of the Code upon their acceptance of employment and while they remain employed by the Shire.

The Code is an important document in outlining the expectations of employee behaviour and aims to ensure that the Shire of Wandering's residents, ratepayers and stakeholders will recognise the high standards of service and ethical decision making by all employees.

If you have any concerns about anything in the Code, please raise it with your Supervisor, or the Chief Executive Officer.

1 INTRODUCTION

The Shire of Wandering Code of Conduct (the Code) provides employees with clear guidelines for the standards of professional conduct expected of them in carrying out their functions and responsibilities.

The Code addresses the broader issue of ethical responsibility and encourages transparency and accountability. The Code expresses the Shire of Wandering's commitment to high standards of ethical and professional behaviour and outlines the principles in which individual responsibilities are based.

The Code is complementary to the principles adopted in the Local Government Act 1995 (the Act) and associated regulations, which incorporate four fundamental aims:

- (a) better decision-making by local governments;
- (b) greater community participation in the decisions and affairs of local governments;
- (c) greater accountability of local governments to their communities; and
- (d) more efficient and effective local government.

1.1 Statutory environment

The Code addresses the requirement in section 5.51A of the Act for the CEO to prepare and implement a code of conduct to be observed by employees of the Local Government, and includes the matters prescribed in Part 4A of the Local Government (Administration) Regulations 1996.

The Code should be read in conjunction with the Act and associated regulations. Employees should ensure that they are aware of their statutory responsibilities under this and other legislation.

1.2 Application

For the purposes of the Code, the term employees include persons employed by the Shire of Wandering or engaged by the Shire under a contract for services. The Code applies to all employees, including the CEO, while on the Local Government's premises or while engaged in Local Government related activities. Clause 3.15 of this Code (Gifts) does not apply to the CEO.

2 VALUES/VISION/MISSION

Our Vision:

Wandering is a community of responsible, resilient and adaptable residents thriving in our scenic, economically diverse environment

ADOPTED POLICY	
TITLE:	Corporate Credit Card Policy
OBJECTIVE:	To: <ul style="list-style-type: none"> • Provide a clear framework to enable the use of corporate credit cards • Provide employees clear and concise guidelines outlining its use • Reduce the risk of fraud and misuse of the corporate credit card. • The application of this policy is to be in conjunction with the Shire of Wandering's Code of Conduct Policy and any legislative requirements of the Local Government Act 1995 that may be enforced.

DEFINITIONS

Cardholder means an employee who has been authorised by the Chief Executive Officer to incur expenditure by means of a corporate credit card.

Credit Card means a card facility approved for use in lieu of cash transactions, to incur expenditure for goods and services for the purposes of the Shire of Wandering business activities only in accordance with relevant Shire policies.

POLICY STATEMENT

The Shire of Wandering recognises the value of corporate credit cards and supports their use, within appropriate controls and limits.

The CEO is authorised to obtain a corporate credit card/s with a maximum monthly credit limit of \$5000. This limit can only be adjusted with the express approval of the Council.

The Chief Executive Officer is the primary cardholder for the Shire and may authorise additional cardholders within the Shire's approved total credit limit.

Individual credit card limits are as approved by Council (in relation to the CEO) or the CEO (in relation to other employees, but within the limits determined by Council).

DETERMINING WHEN CREDIT CARD FACILITIES ARE APPROPRIATE

Credit Card facilities may be implemented and maintained where the card facility provides benefit to the Shire of Wandering operations by ensuring:

- (a) Goods and services can be obtained in a timely and efficient manner to meet the business needs of the Shire;
- (b) Financial management and accounting standards are met; and
- (c) Purchasing and payment functions are secure, efficient and effective.

Credit card facility providers will only be acceptable where, in the opinion of the Chief Executive Officer, they:

- (a) Provide appropriate and sufficient statement, administration and acquittal controls that enable the Shire to sufficiently administer the facility; and
- (b) Provide the Shire with protection and indemnification from fraudulent unauthorised transactions.

MANAGEMENT OVERSIGHT

The Chief Executive Officer shall determine and implement systems and procedures that are adequate to ensure:

- (a) Assessment and selection of credit card facilities suitable to the efficient and effective operations of the Shire;
- (b) Authorisation and appointment of suitably eligible cardholders;
- (c) Cardholder duties and responsibilities are documented; and
- (d) Cardholders provided with training; and
- (e) Monitoring and auditing of credit card activities is planned and reported.

REPORTING

The Chief Executive Officer will ensure that acquitted transaction statements for each credit card facility are provided to Council as part of the monthly financial reporting regime.

MISUSE, MISCONDUCT AND FRAUDULENT USE

- (a) Any alleged misuse of credit cards will be investigated and may be subject to disciplinary procedures.
- (b) Where there is reasonable suspicion of misconduct or fraudulent activity arising from credit card facilities the matter will be reported to the appropriate regulatory agency, subject to the requirements of the Public Sector Management Act 1994 and the Corruption, Crime and Misconduct Act 2003.

PRINCIPLES FOR USAGE – ALLOWABLE TRANSACTIONS

Credit card facilities may only be used where:

- (a) The expenditure is directly arising from a Shire operational business activity for which there is an Annual Budget provision;
- (b) The expenditure is in accordance with legislation, the Shire Purchasing Policy, Code of Conduct and any conditions or limitations applicable to the individual Cardholder.
- (c) The procurement of the required goods or services is impractical or inefficient if undertaken via a purchase order or is not able to be obtained other than by a credit card;
- (d) Supplier surcharges (fees) on transactions are minimised and only allowable where the alternative method of obtaining the supply (i.e. by purchase order) is more onerous, not cost effective or there is no alternative mode of supply.
- (e) Hospitality expenditure may only occur when it is in accordance with any Shire Hospitality Policy or is undertaken with the express permission of the Chief Executive Officer.
- (f) Official travel, accommodation and related expenses may only occur in accordance with Shire policies and procedures;
- (g) A sufficient record of each transaction is obtained and retained in the local government record.

Allowable transaction modes include:

- (a) In-person and over the counter retail purchases;
- (b) Telephone or facsimile purchasing;
- (c) Mail order purchasing and subscriptions;
- (d) Internet purchasing

PROHIBITED TRANSACTIONS

The Shire prohibits the use of credit card facilities for:

- (a) Cash advances;
- (b) Incurring expenses which are personal or private (i.e. any expenditure which is not an approved local government activity);
- (c) Making deposits onto the card, whether to offset misuse or otherwise;
- (d) Incurring capital expenditure;

- (e) Incurring expenditure for goods or services which are subject to a current supplier contract;
- (f) Incurring expenses which are not in accordance with legislation, the Shire's Purchasing Policy, the Annual Budget and / or the conditions or limitations relevant to the individual cardholder;
- (g) Expenses for which another credit card is the approved facility – e.g. a corporate credit card is not to be used for purchasing fuel or oil, as the fuel card is the approved facility for that purpose;
- (h) Splitting expenditure to avoid compliance with the Purchasing Policy or to negate limits or conditions applicable to the Cardholder; and
- (i) Incurring expenses for the primary purpose of obtaining personal advantage through the transaction (i.e. membership or loyalty rewards).

For clarity, council members are prohibited from using Shire credit cards as the Local Government Act 1995 does not provide authority for a council member to incur liabilities on behalf of the local government. The Act limits local governments to only paying council member allowances and reimbursing council member expenses.

CARDHOLDER DUTY OF CARE AND RESPONSIBLE USE OBLIGATIONS

A cardholder is required to:

- (a) Keep the credit card and access information in a safe manner; protected from improper use or loss.
- (b) Only use the credit card for allowable purposes and not for prohibited purposes.

- (e) Return the credit card to the Shire before termination of employment, inclusive of reconciliation records.
- (f) Reimburse the Shire the full value of any unauthorised, prohibited or insufficiently reconciled expenditure. vii) Comply with all cardholder responsibilities as outlined by the card provider.

Benefits obtained through use of a credit card (i.e. membership or loyalty rewards) are the property of the Shire and may only be used for Shire business purposes. - (c) Approval of the expense above is to be referred to the Chief Executive Officer for a decision.
- (d) Where a credit card is used to incur an expense for hospitality, the transaction record must include for the purposes of Fringe Benefits Tax calculations and probity
- (e) The number of persons entertained; ii) the names of any employees in that number; and
- (f) The purpose of providing the entertainment or hospitality

CARD RECONCILIATION PROCEDURES

- (a) Card statement accounts will be issued to the relevant cardholder who will, within 7 days, acquit the transactions on the account.

POLICY STATEMENT

The Shire of Wandering Council recognises its legal obligations under the *Equal Opportunity Act 1984* (as amended) and will actively promote the principles of equity and diversity in the workplace. This means that the Shire aims to provide a work environment that fosters good working relationships where employees, contractors and volunteers are fairly and equally, and that unlawful discrimination does not take place.

The Shire aims to be respected for its commitment to equal opportunity as an employer and as a service provider to the community by adopting the following practices;

APPOINTMENTS, PROMOTION AND TRAINING

No decisions will be made on the basis of nepotism or patronage.

DIVERSITY

The Shire recognises, values, and respects social, cultural and linguistic diversity. Where it can reasonably be achieved, assistance will be provided to employees and volunteers with special needs in order to assist them in undertaking their roles effectively.

DISCRIMINATION AND HARASSMENT FREE ENVIRONMENT

The Shire promotes an environment where people can work effectively without the fear of unlawful discrimination or harassment. Discrimination is treating one person less favourably than another because of a personal attribute which is covered by equal opportunity laws, and includes gender, marital status, pregnancy, family responsibilities or status, race, religious and/or political conviction, impairment, age, gender history, and sexual orientation.

Discrimination is unlawful. Harassment is also not tolerated. Harassment includes any unwelcome behaviour that offends, humiliates or intimidates a person. Generally, unlawful harassment occurs when someone is subjected to prohibited behaviour under anti-discrimination legislation. Harassment can involve physical conduct, verbal conduct or visual conduct (e.g. in the form of posters, email, or SMS messages).

The Shire aims to provide an enjoyable, challenging, and harmonious work environment. Workplace bullying is one activity that detracts from this environment. It can create a risk to health and safety and will not be tolerated. Workplace Bullying can be defined as unsolicited or unwelcome 'repeated, unreasonable, or inappropriate behaviour directed towards a worker or group of workers, that creates risk to health and safety.

RESPONSIBILITIES

All employees, volunteers and contractors have a shared responsibility to apply and promote the equal opportunity principles.

Grievances in relation to discrimination, harassment, and bullying will be dealt with fairly, quickly and confidentially by the Equal Opportunity Coordinator in accordance with grievance procedures.

The Equal Opportunity Coordinator will receive appropriate training to undertake this role. The Chief Executive Officer is the Equal Opportunity Coordinator for the Shire of Wandering.

REPORTING

Every allegation of discrimination, harassment and bullying made against an employee will be investigated by the Shire of Wandering. If after the investigation it is found that an employee has breached this policy then appropriate disciplinary action will be taken up to and including dismissal. Prior to lodging a complaint an employee may seek the support of an appropriate person to talk through the situation. An appropriate person could be internal to Shire of Wandering such as a Supervisor or external to Shire of Wandering such as the Shire's counselling service through LGIS.

At any stage in the process an employee may choose to make a complaint external to the Shire of Wandering and can lodge a complaint with the Equal Opportunity Commission, Australian Human Rights Commission, WorkSafe and/or the Fair Work Commission.

Complaints regarding Elected Members will be dealt with in accordance with the *Local Government Act 1995* and the *Local Government (Rules of Conduct) Regulations 2007*.

BREACHES

A person will be deemed to be in breach of this Policy when they:

- (b) Exhibits behaviour of a sexual nature which is unwanted and unwelcome, may be regarded as offensive, and or place the victim in a vulnerable position or make them feel that they may be disadvantaged if they object to the advances; and
- (c) Show any form of behaviour or series of behaviours which may constitute any form of discrimination.

This policy does not address -

- (a) Mutually agreed personal relationships / friendships.
- (b) Reasonable and appropriate performance management processes which are intended to manage an employee's poor performance.
- (c) Enforcement of lawful instructions issued by any person authorised.

CONSEQUENCES

Engaging in harassing, discriminating or bullying conduct in the workplace constitutes a breach of this policy, the Code of Conduct and the Act, and may result in disciplinary action up to and including termination being taken against the offending employee or contractor.

1. ETHICS & INTEGRITY

All employees of the Shire of Wandering shall observe the highest standards of ethics and integrity in undertaking purchasing activity and act in an honest and professional manner that supports the standing of the Shire of Wandering.

The following principles, standards and behaviours must be observed and enforced through all stages of the purchasing process to ensure the fair and equitable treatment of all parties:

2. VALUE FOR MONEY

Value for money is an overarching principle governing purchasing that allows the best possible outcome to be achieved for the Shire of Wandering.

It is important to note that compliance with the specification is more important than obtaining the lowest price particularly taking into account user requirements, quality standards quality standards, sustainability, life cycle costing, and service benchmarks.

An assessment of the best value for money outcome for any purchasing should consider:

- (a) All relevant whole of life costs life costs and benefits whole of life cycle costs (for goods) and whole of contract life costs (for services) including transaction costs associated with acquisition, delivery, distribution, as well as other costs such as but not limited to holding costs, consumables, deployment, maintenance and disposal.
- (b) The technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality;
- (c) Financial viability and capacity to supply without risk of default. (Competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history);
- (d) A strong element of competition in the allocation of orders or the awarding of contracts. This is achieved by obtaining enough competitive quotations wherever practicable. Where a higher priced conforming offer is recommended, there should be clear and demonstrable benefits over and above the lowest total priced, conforming offer.

3. PURCHASING THRESHOLDS

Council has resolved that the following limits and arrangements apply:

Amount of Purchase	Number of Quotations required
Up to \$ \$5,000	Preference for one quote to be obtained
\$5,001 - \$20,000	Two verbal or written quotations
\$20,001 - \$50,000	Two written quotations.
\$50,001 - \$249,999	Three written quotations containing price and specification of goods and services. Quotations must be received in writing and offers made in writing, and all quotations and offers must be recorded in the Shire's Central Records System.
Above \$250,000	All purchases exceeding \$250,000 should be by public tender unless a legislated tender exemption applies.

NOTE: To reduce the number of quotations for items up to value of \$49,999, refer to item "Sole Source of Supply" criteria.

Where it is considered beneficial, tenders may be called in lieu of seeking quotations for purchases under the \$250,000 threshold (excluding GST). If a decision is made to seek public tenders for contracts of less than \$250,000 all the procedures for tendering outlined in this policy must be followed in full.

NOTE: The general principles relating to written quotations are;

- (a) An appropriately detailed specification should communicate requirement(s) in a clear, concise and logical fashion.
- (b) The request for written quotation should include as a minimum:
 - Written Specification
 - Selection Criteria to be applied
 - Price Schedule
 - Conditions of responding
 - Validity period of offer
 - Shire of Wandering OSH requirements for Contractors
- (c) Invitations to quote should be issued simultaneously to ensure that all parties receive an equal opportunity to respond.
- (d) Offer to all prospective suppliers at the same time any new information that is likely to change the requirements.

- (e) Responses should be assessed for compliance, then against the selection criteria, and then value for money and all evaluations documented.
- (f) Respondents should be advised in writing as soon as possible after the final determination is made and approved.

4. REGULATORY COMPLIANCE

4.1 TENDER EXEMPTION

In the following instances public tenders or quotation procedures are not required (regardless of the value of expenditure):

- (a) An emergency situation as defined by the Local Government Act 1995;
- (b) The purchase is under a contract of WALGA (Preferred Supplier Arrangements), Department of Treasury and Finance (permitted Common Use Arrangements), Regional Council, or another Local Government;
- (c) The purchase is under auction which has been authorised by Council;
- (d) The contract is for petrol, oil, or other liquid or gas used for internal combustion engines;
- (e) Any of the other exclusions under Regulation 11 of the Functions and General Regulations apply.

4.2 SOLE SOURCE OF SUPPLY (MONOPOLY SUPPLIERS)

The procurement of goods and/or services available from only one private sector source of supply, (i.e. manufacturer, supplier or agency) is permitted without the need to call competitive quotations if there must genuinely be only one source of supply.

Every endeavour to find alternative sources must be made. Written confirmation of this must be kept on file for later audit. Once determined, the justification must be endorsed by the Chief Executive Officer, prior to a contract being entered into.

NOTE: The application of provision "sole source of supply" should only occur in limited cases and procurement experience indicates that generally more than one supplier is able to provide the requirements.

4.3 ANTI AVOIDANCE

The Shire will not conduct multiple purchasing activities with the intent of 'splitting' the purchase value or contract value, so that the effect is to avoid a particular purchasing threshold or the need to call a Public Tender.

5. ADVERTISING TENDERS

Tenders are to be advertised in a state-wide publication e.g. "The West Australian" newspaper. There is no requirement to advertise E-quotes in a newspaper. The tender must remain open for at least 14 days as a minimum.

The notice request must include:

- (a) A brief description of the goods or services required;
- (b) Information as to where and how tenders may be submitted;
- (c) The date and time after which tenders cannot be submitted;
- (d) Particulars identifying a person from who more detailed information as to tendering may be obtained;
- (e) Detailed information shall include;

 - Detailed specifications of the goods or services required;
 - The criteria for deciding which tender should be accepted;
 - Whether or not the Shire of Wandering has decided to submit a tender; and
 - Tenders cannot be submitted by facsimile or other electronic means, as confidentiality cannot be guaranteed by these processes.

6. TENDER DEADLINE

A tender that is not received in full in the required format by the advertised Tender Deadline shall be rejected.

7. OPENING OF TENDERS

No tenders are to be removed from the tender box or opened (read or evaluated) prior to the Tender Deadline.

Tenders are to be opened in the presence of the Chief Executive Officer's delegated nominee and preferably at least one other Shire employee. The details of all tenders received and opened shall be recorded in the Tenders Register.

Tenders are to be opened in accordance with the advertised time and place. There is no obligation to disclose or record tendered prices at the tender opening, and price information should be regarded as commercial-in confidence to the Shire of Wandering. Members of the public are entitled to be present.

8. TENDER EVALUATION

Tenders that have not been rejected shall be assessed by the Shire of Wandering by means of a written evaluation against the pre-determined criteria.

The tender evaluation panel shall assess each tender that has not been rejected to determine which tender is most advantageous.

Each tenderer will be advised of the particulars of the successful tender

9. ADDENDUM TO TENDER

If, after the tender has been publicly advertised, any changes, variations or adjustments to the tender document and/or the conditions of tender are required, the Shire of Wandering may vary the initial information by taking reasonable steps to give each person who has sought copies of the tender documents notice of the variation.

10. MINOR VARIATION

If after the tender has been publicly advertised and a successful tenderer has been chosen but before the Shire of Wandering and tenderer have entered into a Contract, a minor variation may be made by the Shire of Wandering. A minor variation will not alter the nature of the goods and/or services procured, nor will it materially alter the specification or structure provided for by the initial tender.

11. RECORDS MANAGEMENT

Record retention shall be in accordance with the requirements of the State Records Act, and the Shire of Wandering's internal records management policy.

12. BUY LOCAL

The Shire of Wandering encourages the development of competitive local businesses within its boundary first, and secondly within its broader region. As much as practicable, the Shire of Wandering will:

- (a) Where appropriate, consider buying practices, procedures and specifications that do not unfairly disadvantage local businesses;
- (b) Consider indirect benefits that have flow on benefits for local suppliers (i.e. servicing and support);
- (c) Ensure that procurement plans address local business capability and local content;
- (d) Explore the capability of local businesses to meet requirements and ensure that Requests for Quotation and Tenders are designed to accommodate the capabilities of local businesses;
- (e) Avoid bias in the design and specifications for Requests for Quotation and Tenders – all Requests must be structured to encourage local businesses to bid; and
- (f) Provide adequate and consistent information to local suppliers.

13. PURCHASING FROM DISABILITY ENTERPRISES

An Australian Disability Enterprise may be contracted directly without the need to comply with the Threshold and Purchasing Practices requirements of this Policy, where a value for money assessment demonstrates benefits for the Shire of Wandering's achievement of its strategic and operational objectives.

A qualitative weighting will be used in the evaluation of quotes and Tenders to provide advantages to Australian Disability Enterprises, in instances where not directly contracted.

14. PURCHASING FROM WA ABORIGINAL BUSINESSES

A business registered in the current Aboriginal Business Directory WA produced by the Chamber of Commerce and Industry of Western Australia Limited may be contracted directly without the need to comply with the Threshold and Purchasing Practices requirements of this Policy, only where:

- (b) A best and sustainable value assessment demonstrates benefits for the Shire of Wandering's achievement of its strategic and operational objectives.

15. PURCHASING FROM ENVIRONMENTALLY SUSTAINABLE BUSINESSES

A qualitative weighting will be used in the evaluation of quotes and tenders to provide advantages to suppliers which:

- (a) Demonstrate policies and practices that have been implemented by the business as part of its operations;
- (b) Generate less waste material by reviewing how supplies, materials and equipment are manufactured, purchased, packaged, delivered, used, and disposed; and
- (c) Encourage waste prevention, recycling, market development and use of recycled/recyclable materials

For each financial year, the Shire must make an informed judgement as to who is considered to be a related party and what transactions need to be considered, when determining if disclosure is required. POLICY STATEMENT

1. PRINCIPLES

1.1 OBJECTIVES

The scope of AASB 124 Related Party Disclosures was extended in March 2015 to include application by not-for-profit entities, including local governments. The operative date for Local Government is 1 July 2016, with the first disclosures to be made in the Financial Statements for year ended 30 June 2017.

This procedure outlines required mechanisms to meet the disclosure requirements of AASB 124.

The objective of the standard is to ensure that an entity's financial statements contain disclosures necessary to draw attention to the possibility that its financial position and profit or loss may have been affected by the existence of related parties and transactions.

The disclosure requirements apply to the existence of relationships regardless of whether a transaction has occurred or not. For each financial year, the Shire must make an informed judgement as to who is a related party and what transactions need to be considered, when determining if disclosure is required.

The purpose of this procedure is to stipulate the information to be requested from related parties to enable an informed judgement to be made.

1.2 IDENTIFICATION OF RELATED PARTIES

AASB 124 provides that the Shire will be required to disclose in its Annual Financial reports, related party relationships, transactions and outstanding balances.

Related parties include a person who has significant influence over the reporting entity, a member of the key management personnel (KMP) of the entity, or a close family member of that person who may be expected to influence that person.

For the purposes of determining the application of the standard, the Shire has identified the following persons as meeting the definition of Related Party:

- (a) A council member
- (b) Key management personnel being a person employed under s5.36 of the Local Government Act 1995 in the capacity of Chief Executive Officer or Senior Employee
- (c) Close members of the family of any person listed above, including that person's child, spouse or domestic partner, children of a spouse or domestic partner, dependents of that person or person's spouse or domestic partner.
- (d) Entities that are controlled or jointly controlled by a Council member, KMP or their close family members. (Entities include companies, trusts, joint ventures, partnerships and non-profit associations such as sporting clubs).

The Shire will therefore be required to assess all transactions made with these persons or entities.

2. IDENTIFICATION OF RELATED PARTY TRANSACTIONS

A related party transaction is a transfer of resources, services or obligations between the Shire (reporting entity) and the related party, regardless of whether a price is charged.

For the purposes of determining whether a related party transaction has occurred, the following transactions or provision of services have been identified as meeting this criterion:

- (a) Paying rates
- (b) Fines
- (c) Use of Shire owned facilities such as [Wandering Community Centre and Sporting Grounds, Wandering Community Resource Centre, Library, Wandering Fuel Facility, parks, ovals and other public open spaces (whether charged a fee or not)]
- (d) Attending Council functions that are open to the public
- (e) Employee compensation whether it is for KMP or close family members of KMP
- (f) Application fees paid to the Shire for licences, approvals or permits
- (g) Lease agreements for housing rental (whether for a Shire owned property or property sub-leased by the Shire through a Real Estate Agent)
- (h) Lease agreements for commercial properties

- (i) Monetary and non-monetary transactions between the Shire and any business or associated entity owned or controlled by the related party (including family) in exchange for goods and/or services provided by/to the Shire (trading arrangement)
- (j) Sale or purchase of any property owned by the Shire, to a person identified above.
- (k) Sale or purchase of any property owned by a person identified above, to the Shire
- (l) Loan Arrangements
- (m) Contracts and agreements for construction, consultancy or services

Some of the transactions listed above, occur on terms and conditions no different to those applying to the general public and have been provided in the course of delivering public service objectives. These transactions are those that an ordinary citizen would undertake with council and are referred to as an Ordinary Citizen Transaction (OCT). Where the Shire can determine that an OCT was provided at arm's length, and in similar terms and conditions to other members of the public and, that the nature of the transaction is immaterial, no disclosure in the annual financial report will be required.

2.1 DISCLOSURE REQUIREMENTS

For the purposes of determining relevant transactions above, elected Council members and key management personnel as identified above, will be required to complete a Related Party Disclosure declaration form on appointment of their position with the Council. A new declaration is only required where there is a change in circumstances of the elected Council member.

2.2 ORDINARY CITIZEN TRANSACTIONS (OCTS)

The following OCT that are provided on terms and conditions no different to those applying to the general public and which have been provided in the course of delivering public service objectives, are unlikely to influence the decisions that users of the Council's financial statements make. As such no disclosure in the yearly Related Party Disclosures - Declaration form will be required.

- (a) Paying rates
- (b) Fines
- (c) Use of Shire owned facilities such as [Wandering Community Centre and Sporting Grounds, Wandering Community Resource Centre, Library, Wandering Fuel Facility, parks, ovals and other public open spaces (whether charged a fee or not)]
- (d) Attending council functions that are open to the public

Where these services were not provided at arm's length and under the same terms and conditions applying to the general public, elected Council members and KMP will be required to make a declaration in the Related Party Disclosures - Declaration form about the nature of any discount or special terms received.

2.3 ALL OTHER TRANSACTIONS

For all other transactions listed in point 2.3 above, elected Council members and KMP will be required to make a declaration in the Related Party Disclosures - Declaration form.

2.4 FREQUENCY OF DISCLOSURES

KMP will be required to complete a Related Party Disclosure - Declaration form each year. Council members will only be required to complete a Related Party Disclosure-Declaration upon election to Council, and only when there is a change in circumstances following that original disclosure.

2.5 CONFIDENTIALITY

All information contained in a disclosure return, will be treated in confidence. Generally, related party disclosures in the annual financial reports are reported in aggregate and as such, individuals are not specifically identified.

Notwithstanding, management is required to exercise judgement in determining the level of detail to be disclosed based on the nature of a transaction or collective transactions and materiality. Individuals may be specifically identified, if the disclosure requirements of AASB 124 so demands.

2.6 MATERIALITY

Management will apply professional judgement to assess the materiality of transactions disclosed by related parties and their subsequent inclusion in the financial statements. In assessing materiality, management will consider both the size and nature of the transaction, individually and collectively.

Appendix 1

Close Family Members

Close family members include:

- a child, spouse or domestic partner;
- children of your spouse or domestic partner;
- dependents of you or your spouse or domestic partner;
- any other close family member;

who may be expected to influence, or be influenced by, your dealings with the council.

The following table may assist you in identifying your close family members:

A close family member	May be a close family member
Your spouse/domestic partner	Your brothers and sisters, if they could be expected to influence or be influenced by you in their dealings with council
Your children	Your aunts, uncles and cousins, if they could be expected to influence or be influenced by you in their dealings with council
Your dependants	Your parents and grandparents, if they could be expected to influence or be influenced by you in their dealings with council
Children of your spouse/domestic partner	Your nieces and nephews, if they could be expected to influence or be influenced by you in their dealings with council
Dependants of your spouse/domestic partner	Any other member of your family if they could be expected to influence or be influenced by you in their dealings with council

There may be relationships that a council has which are not identified in this appendix but still meet the definition of a related party.

Example: Cousin of Council member

A Council member for the Shire has lived in the Shire her whole life. In fact, her family has been in the area for generations.

The Council member's cousin, owns and operates the local newsagent through a company ABC Pty Ltd, in which she owns 100% of the shares. The Council member and her cousin have always been close and regularly socialise together.

From these facts it would appear that the Council member's cousin is a close family member of the Council member because she would be expected to influence, or be influenced by, that person in her dealings with Council.

Both the cousin and the company she controls, ABC Pty Ltd would therefore be related parties of Council.

Any transactions that the Council makes with the newsagent would need to be separately identified and may need to be disclosed.

Control in entities

What is an entity that I, or my close family member, control or jointly control?

Entities include companies, trusts, incorporated and unincorporated associations such as clubs and charities, joint ventures and partnerships.

You control an entity if you have

- a) power over the entity;
- b) exposure, or rights, to variable returns from involvement with the entity; and
- c) the ability to use your power over the entity to affect the amount of your returns.

To jointly control an entity there must be contractually agreed sharing of control of the entity, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

In some cases, it will be obvious that you or a family member control or have joint control over an entity. In other cases, it will be less clear.

In some cases, it will be obvious that you or a family member control or have joint control over an entity. In other cases, it will be less clear.

If you are unsure whether you, or a close family member, has control or joint control of an entity then you should contact the Chief Executive Officer for a confidential discussion.

Example: Clubs or other incorporated bodies

(A Shire Council member is the President of a local football club)

A Shire Council member is the President of Wandering Football Club Inc, the local football club. This club is overseen by a committee which comprises the President and four other committee members. Each member has a single vote when making decisions at meetings. The committee members are not related and do not have agreements to vote with one another. The club has over 100 members that each have a vote in electing the committee members at the club's annual general meeting.

From these facts the Council member does not control or jointly control the football club so it will not be a related

Other examples

Example 1 (Audit committee member)

Shire of Wandering audit committee comprises two Council members and a local retired accountant, Fred. Fred has no other connection with the council.

The audit committee attends to the functions as required under the *Audit Regulations*. It does not make any decisions on behalf of the council but simply provides reports, with recommendations, for the Shire President and council members to consider.

Based on the facts outlined Fred would not be a KMP of council.

Example 2 (Son of CFO employed by council)

Shire of Wandering has recently employed Paul's son (George) in the Council's parks and garden's area. Paul is Council's Deputy Chief Executive Officer but was not involved in hiring George. This process was managed by the Director of Parks and Gardens and included an independent assessment process. Paul did not have any influence in George securing the job.

Paul has been identified as a KMP of council, which makes him a related party.

George will also be a related party of Council because he is a close family member of Paul. The recruitment process that was undertaken for George's position is irrelevant when assessing whether George is a related party.

Example 3 (Cousin of President - related party commonly known but omitted from declaration)

Shelley, the President of Shire of Wandering forgets to include her cousin Mavis, and Mavis' company, when she completes her KMP declaration.

It is commonly known in the community that Shelley and Mavis are close, and that Shelley would be expected to influence, or be influenced by, Mavis in her dealings with Council and vice versa.

Mavis and her company are related parties of Council, even though Shelley omitted them from her declaration.

Example 4 (Example of control)

Fred is the President of Shire of Wandering and owns 100% of the ordinary shares in Wandering's Development Company Pty Ltd (the company). The ordinary shares are the only shares in the company that have voting rights.

Fred controls the company because he has the power to affect the company's decisions and the return that he will get from the company.

Fred will need to include the company on his related party declaration.

Example 5 (Example of joint control)

Fred is the President of Shire of Wandering and owns 50% of the ordinary shares in Wandering's Development Company Pty Ltd (the company). Fred's brother Stan owns the other 50% of ordinary shares. Fred and Stan are the only Directors of the company and have equal voting rights on the board.

Fred and Stan have joint control of the company because any decisions require the unanimous consent of them both.

Fred will need to include the company on his related party declaration

The implementation of this Asset Management Policy will assist the Shire to meet community expectations by providing services in a sustainable manner.

1. PRINCIPLES

Asset Management encompasses all the various actions that Council must take to ensure that its assets are planned, delivered, managed, renewed and retired to serve both present and future communities.

1.2 NEW ASSETS & RENEWAL OR UPGRADE / EXPANSION OF ASSETS

Prior to consideration of new infrastructure works, renewals or an expansion/upgrade:

- (a) A strategic review of the need for, and the life cycle cost of that asset (including capital, maintenance, operating and renewal costs) will be carried out.
- (b) Asset Renewal Plans will be implemented progressively based on priority (condition), the level of service required, and the effectiveness of the current performance of the asset.
- (c) Plans to upgrade existing infrastructure will be considered and evaluated according to the need to increase the asset's Level of Service.
- (d) Council will continually seek opportunities for multiple uses of assets, as well as, strategic community partnerships and for economic extensions to infrastructure life.

1.3 ASSET MANAGEMENT STRATEGY AND ASSET MANAGEMENT PLANS

An Asset Management Strategy will be developed in line with the Strategic Plan and informed by the community's aspirations and service requirements that are set out in the Corporate Business Plan.

In consultation with key stakeholders, Council will determine the Level of Service expected for each asset class to deliver economic, environmental and social values for the benefit of the community. These service levels will be adopted and reflected in the Asset Management Plans for each asset class.

The development of Asset Management Plans will also identify:

- (a) The strategic goals;
- (b) The level of service and performance standards;

“**Habitual**” means “done repeatedly or as a habit”. The term vexatious is recognised in law and means “denoting an action or the bringer of an action.

For the purpose of this policy, the following definition of habitual or vexatious complainants will be used:

- (a) The repeated and/or obsessive pursuit of:
- Unreasonable complaints and/or unrealistic outcomes; and/or
 - Reasonable complaints in an unreasonable manner.

POLICY STATEMENT

The Shire of Wandering acknowledges that habitual or vexatious complaints can be a problem for employees and elected members. The difficulty in handling such complainants is that they are time consuming and wasteful of resources in terms of Officer and Member time and displace scarce human resources that could otherwise be spent on Council priorities. Whilst the Council endeavours to respond with patience and sympathy to all needs of all complainants, there are times when there is nothing further which can reasonably be done to assist or to rectify a real or perceived problem.

- (a) To identify situations where a complainant, either individually or as part of a group, or a group of complainants, might be “habitual or vexatious” and ways of responding to these situations.
- (b) This policy is intended to assist in identifying and managing persons who seek to be disruptive to the Council through pursuing an unreasonable course of conduct.

1. SCHEDULE A – CRITERIA FOR DETERMINING HABITUAL OR VEXATIOUS COMPLAINTS

Complainants (and/or anyone acting on their behalf) may be deemed to be habitual or vexatious where previous or current contact with them shows how they meet one of the following criteria:

Where complainants:

- (a) Persist in pursuing a complaint where the Shire’s complaints process has been fully and properly implemented and exhausted.
- (b) Persistently change the substance of a complaint or continually raise new issues or seek to prolong contact by continually raising further concerns or questions whilst the complaint is being addressed. (Care must be taken, however, not to disregard new issues which are significantly different from the original complaint as they need to be addressed as separate complaints).
- (c) Are repeatedly unwilling to accept documented evidence given as being factual or deny receipt of an adequate response despite correspondence specifically answering their questions or do not accept that facts can sometimes be difficult to verify when a long period of time has elapsed.

- (d) Repeatedly do not clearly identify the precise issues which they wish to be investigated, despite reasonable efforts of the Shire to help them specify their concerns, and/or where the concerns identified are not within the remit of the Council to investigate.
- (e) Regularly focus on a trivial matter to an extent which is out of proportion to its significance and continue to focus on this point. It is recognised that determining what is a trivial matter can be subjective and careful judgment will be used in applying these criteria.
- (f) Have threatened or used physical violence towards employees at any time. This will cause personal contact with the complainant and/or their representative to be discontinued and the complaint will, thereafter, only be continued through written communication. The Council has determined that any complainant who threatens or uses actual physical violence towards employees will be regarded as a vexatious complainant. The complainant will be informed of this in writing together with notification of how future contact with the Shire is to be made.
- (g) Have, in the course of addressing a registered complaint, had an excessive number of contacts with the Council – placing unreasonable demands on employees. A contact may be in person, by telephone, letter, email or fax. Judgment will be used to determine excessive contact considering the specific circumstances of each individual case.
- (h) Have harassed or been verbally abusive on more than one occasion towards employees dealing with the complaint. Employees recognise that complainants may sometimes act out of character in times of stress, anxiety or distress and will make reasonable allowances for this. Some complainants may have a mental health disability and there is a need to be sensitive in circumstances of that kind.
- (i) Are known to have recorded meetings or face-to-face/telephone conversations without the prior knowledge and consent of other parties involved.
- (j) Make unreasonable demands on the Shire and its employees and fail to accept that these may be unreasonable, for example, insist on responses to complaints or enquiries being provided more urgently than is reasonable or within the Council's complaints procedure or normal recognised practice.
- (k) Make unreasonable complaints which impose a significant burden on the human resources of the Council and where the complaint:
 - Clearly does not have any serious purpose or value; or
 - Is designed to cause disruption or annoyance; or
 - Has the effect of harassing the public authority; or
 - Can otherwise fairly be characterised as obsessive or manifestly unreasonable.
- (l) Make repetitive complaints and allegations which ignore the replies which Council employees have supplied in previous correspondence.

3. SCHEDULE B – OPTIONS FOR DEALING WITH HABITUAL OR VEXATIOUS COMPLAINANTS

The options below can be used singularly or in combination depending on the circumstances of the case and whether the complaint process is ongoing or completed:

- (a) A letter to the complainant setting out responsibilities for the parties involved if the Council is to continue processing the complaint. If terms are contravened, consideration will then be given to implementing other action as indicated below.
- (b) Decline contact with the complainant, either in person, by telephone, by fax, by letter, by email or any combination of these, provided that one form of contact is maintained. This may also mean that only one named officer will be nominated to maintain contact (and a named deputy in their absence). The complainant will be notified of this in person.
- (c) Notify the complainant, in writing, that the Shire has responded fully to the points raised and has tried to resolve the complaint but there is nothing more to add and continuing contact on the matter will serve no useful purpose. The complainant will also be notified that the correspondence is at an end, advising the complainant that they are being treated as a habitual or vexatious complainant and as such the Shire does not intend to engage in further correspondence dealing with the complaint.
- (d) Inform the complainant that in extreme circumstances the Shire will seek legal advice on habitual or vexatious complaints.

- (e) Temporarily suspend all contact with the complainant, in connection with the issues relating to the complaint being considered habitual or vexatious, while seeking legal advice or guidance from its solicitor or other relevant agencies.

It should be noted that the prohibition on the use of the Shire's resources for electoral purposes is not restricted to the Caretaker Period.

ADOPTED POLICY	
TITLE:	Community Engagement and Consultation
OBJECTIVE:	To provide guidance to the Council and community on when community engagement activities should be undertaken and the level of engagement to be carried out, other than notification and consultation conducted in accordance with statutory requirements

POLICY STATEMENT

The Shire of Wandering recognises that community engagement and the opportunity for the community to participate in planning for the future are vital in ensuring we meet our strategic objective "Community Engagement" in Wandering's Community Strategic Plan: 2018 – 2028 and "Community Consultation Process" in Disability Access and Inclusion Plan.

Community Engagement is about involving the community in decisions which affect them, and to be responsive to the needs of the community. Community is defined in the broadest possible sense to include Shire of Wandering residents, ratepayers (owners and occupiers), business proprietors, community groups, and visitors. Community engagement does not mean achieving consensus. However, it does involve seeking broad, informed agreement and the best possible solution for Council and the community.

At times it may also include other tiers of government, neighbouring Councils and other stakeholders with an interest in the Shire of Wandering. In effectively engaging the community, many diverse and different views and opinions may be conveyed to Council. Council may not always be able to reconcile these differences, nor make decisions or take actions that align with everyone's viewpoint.

1. FRAMEWORK

The Shire's approach to community engagement is based on the spectrum of engagement activities as advocated by the International Association for Public Participation. The four levels of participation are:

INFORM	CONSULT	INVOLVE	COLLABORATE
PUBLIC PARTICIPATION GOAL			
To provide the public with balanced and objective information to assist them in understanding the problem, alternatives, opportunities and/ or solutions	To obtain public feedback on analysis, alternatives and/ or decisions	To work directly with the public throughout the process to ensure that public concerns and aspirations are consistently understood and considered	To partner with the public in each aspect of the decision including the development of alternatives and the identification of the preferred solution.

ASSURANCE TO THE PUBLIC				
We endeavour to keep you informed	We endeavour to keep you informed, listen to and acknowledge concerns and aspirations.	We endeavour to work with you to ensure that your concerns and aspirations are directly reflected in the alternatives developed.	We endeavour to look to you for direct advice and innovation in formulating solutions and incorporate your advice and recommendations into the decisions to the maximum extent possible	

2. WHEN ENGAGEMENT IS TO BE UNDERTAKEN

The Shire of Wandering endeavours to undertake community engagement when:

- (a) A decision is likely to have significant impact on an individual or group in the community
- (b) There is, or likely to be, strong community concern or interest in the issue;
- (c) The proposal before the Council is anticipated to have significant impact on the economy, lifestyle and/or environment of the Shire and/or its residents;
- (d) Significant changes to the current or future use of land or infrastructure within the Shire is being considered;
- (e) Information is needed by Council about community needs, priorities or values to ensure planning is appropriate and responsive;
- (f) The Council wishes to ensure all groups, including minority or disadvantaged groups have information about an opportunity to contribute to the operations and/or the planning for the Council's services, facilities and programmes.

There are 4 impact levels to measure the need for Community Engagement, where impact relates to the 'effect of an action or change on the Community.' The impact levels are as follows:

LEVEL OF IMPACT	BRIEF DESCRIPTION
Level 1	High level of impact overall or a large part of Wandering.
Level 2	High level impact of a local nature, eg a local area, specific community or user group
Level 3	Lower level of impact overall or a large part of Wandering.
Level 4	Lower level of impact of a nature, eg a local area, specific community or user group

The level of community engagement undertaken relates directly to the level of community involvement required, and should always be appropriate to the nature, complexity and impact of the issue, plan or strategy.

In some cases, it may not be practicable when:

- (a) The Council is to decide quickly in the interest of the Shire (e.g. Public Safety);
- (b) The advice or decision is to another tier of Government about matters of broad interest (in common) to constituents of the State;
- (c) The decision concerns day to day administrative matters

3. ROLES AND RESPONSIBILITIES

3.1 COUNCIL

The Council is elected to make decisions on behalf of the people of the Shire of Wandering. To do so effectively, the Council may have a need to inform themselves of current community attitudes and opinions on the issue(s).

All community engagement is undertaken in a manner that is consistent with legal obligations under;

- (a) The Commonwealth Disability Discrimination Act 1992 (that is, open and accessible to all members of the community);
- (b) The Information Privacy Act 2000 (regarding the handling of all personal information); and
- (c) Any other relevant legislation which may relate to an issue

3.2 COMMUNITY

The Community is expected to:

- (a) Inform themselves about Council functions, initiatives, activities and objectives and participate in civic affairs;
- (b) Acknowledge that the Council is made up of duly elected representatives of the community and it is their role to make decisions on behalf of the community;
- (c) Acknowledge that submissions addressing matters that are objective are generally considered more highly than those that demonstrate bias, or are subjective, or hypothetical; and

ADOPTED POLICY	
TITLE:	Road Making Materials
OBJECTIVE:	<ul style="list-style-type: none"> To provide guidance for the provision of sand/gravel supplies for road works

POLICY STATEMENT

1. IDENTIFYING GRAVEL/SAND

Areas of suitable materials shall be clearly identified and recorded in a register containing title details, landholder details, approximate quantities and life of the pit, details of when the material was accessed including quantities, details of any compensation (see below), and a map of the location.

2. NEGOTIATING WITH LANDHOLDER

Negotiations with the landholder shall be carried out with both the interests of the landholder and Shire in mind. Attempts shall be made to satisfy the concerns of the landholder in order to obtain materials, but it should be noted that the Shire may invoke the powers of the Land Administration Act 1997 to take land where negotiations have failed. A written, signed and witnessed agreement be put in place prior to any gravel being taken from the site.

3. ACCESSING

Access to pits shall be on a mutually agreeable basis, and it will be agreed with the landowner the access route to and from the pit.

4. COMPENSATION

Values for materials are to be determined by the Chief Executive Officer in negotiation with the Landholder, on a case by case basis, determined by the quality of the materials, and proximity to the job.

Landowners have an option to:

- Claim full payment for the materials extracted; or
- Claim part payment and part private works up to the value of the materials extracted; or
- Receive no payment and have private works carried out to the value of the materials extracted; or
- Provide the gravel/sand free of charge with no expectation of any quid pro quo arrangement.

The valuation of private works will be determined by the Executive Manager Technical Services, based on the Council's adopted fees and charges rates at the time the works are carried out.

The private works in part (b) and (c) above may only be carried out on the property from which materials have been extracted, subject to plant availability, and only available for two (2) years from the date the material was supplied.

Where compensation is paid by cash, the landholder shall be recompensed when the material is quarried and heaped.

5. REHABILITATION

The Shire will rehabilitate the pit and access tracks once the gravel supply is exhausted at no charge to the landholder. Any additional requirements of the landholder must be approved by Council prior to any works being carried out. For the purposes of this policy “rehabilitate” means levelling of the quarry floor and the replacement of the topsoil.

6. EFFECT OF THIS POLICY

The Shire agrees to maintain the pit in a reasonable condition, and any associated fencing and gates in the same condition as when first accessed. Any damage to fences, gates or property will be remedied by the Shire.

The presence of asbestos in premises on Shire owned or managed land will be identified and the risk to health evaluated.

The programmed removal of ACM will be based on the risk to health as identified by a competent person carrying out an inspection. It is recognised that ACM in sound condition, left undisturbed, present little risk to the general community. - (c) Prevent the spread of asbestos fibres;
- (d) Increase competency and experience; and
- (e) Control of works likely to disturb ACM.

- (b) In relation to organisations seeking Council support and / or funding support for external funding from such bodies as CSRFF etc, any submission will be required to include the removal of ACM, as part of the application and/ or scope of works.

- (d) Ensure that during the planning process and before commencement of major upgrades or renovations of any buildings / facility on Shire owned or managed land that priority is given to the removal of ACM in relation to funding.
- (e) Where the building is located on land that the Shire owns or manages, the Shire will ensure that an appropriate risk assessment of any identified ACM has been conducted. Where the risk assessment has deemed it necessary, the ACM will be safely removed as per the requirements of the *Work Health and Safety Act 2020* and related Regulations and Codes of Practice.
- (f) Ensure that all buildings on Shire owned or managed land are surveyed to identify ACM, so far as is reasonably practicable, that may be present therein.
- (g) Ensure that all appropriate building surveys prior to any demolition or structural alteration of any buildings on Shire owned or managed land being undertaken.
- (h) Provide information on ACM to employees, contractors, sub-contractors and any other person who may be affected by the presence of the ACM in their work area.
- (i) Promote awareness of the risks from ACM and the Shire's Management Procedures through training and induction of relevant employees.
- (j) Ensure that information regarding the presence of asbestos is contained in tender and Request for Quotation documentation as may be appropriate, and that contractors and sub-contractors have risk assessments, method statements etc., where appropriate for its removal and/or management in place.
- (k) Ensure that any ACM that may be present in any buildings on land that it owns or manages is maintained in a condition to prevent the possibility of any harm to health occurring.
- (l) Monitor the condition of ACM left in situ.
- (m) Provide adequate resources to ensure the provision of appropriate information, instructions and training.
- (n) The Schedule programmed removal of ACM in buildings on Shire owned or managed land to ensure the eventual long-term aim of removal of all ACM, will be based on the availability of resources, funding and the prioritisation based on a risk assessment that includes the facilities service level hierarchy, assigned level of insurance and the purpose of the facility.

Asbestos management planning will define roles and responsibilities for decisions and address appropriate methodologies for the implementation of these decisions.

The following information shall be collated and documented as a minimum as part of asbestos management planning:

- (g) Emergency procedures;
- (h) Details of consultation, information sharing and training;
- (i) Any operational considerations;
- (j) A timetable for review;

ADOPTED POLICY	
TITLE:	Financial Hardship
OBJECTIVE:	<ul style="list-style-type: none"> To give effect to the Shire’s commitment to support the whole community to meet the unprecedented challenges arising from declared State of Emergencies, the Shire of Wandering recognises that these challenges may result in financial hardship for ratepayers or debtors of the Shire. This Policy is intended to ensure that the Shire offers fair, equitable, consistent and dignified support to ratepayers or debtors suffering hardship, while treating all members of the community with respect and understanding at these difficult times.

SCOPE

This policy applies to:

1. Outstanding rates, debtors and service charges as at the date of adoption of this policy; and
2. Rates and service charges levied during any period where a declared State of Emergency is in force.

It is a reasonable community expectation, as the Shire deals with the effects of any declared State of Emergency, that those with the capacity to pay rates will continue to do so. For this reason, the Policy is not intended to provide relief to ratepayers or debtors who are not able to evidence financial hardship and the statutory provisions of the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996* will apply.

POLICY STATEMENT

1 Payment difficulties, hardship and vulnerability

Financial hardship occurs where a person is unable to pay rates and service charges without affecting their ability to meet their basic living needs, or the basic living needs of their dependants. The Shire of Wandering recognises the likelihood that a declared State of Emergency will increase the occurrence of payment difficulties, financial hardship and vulnerability in our community. This policy is intended to apply to all ratepayers or debtors experiencing financial hardship.

2 Financial Hardship Criteria

While evidence of hardship is required, the Shire recognises that not all circumstances are alike, and will take a flexible approach to a range of individual circumstances including, but not limited to, the following situations:

- Recent unemployment or under-employment
- Sickness or recovery from sickness
- Loss of primary source of income
- Unanticipated circumstances such as caring for and supporting extended family

Ratepayers or debtors are encouraged to provide as much information as possible to support their individual circumstances, which will be taken into consideration during the assessment process. Preference will be for ratepayers or debtors to enter into a reasonable payment proposal. The Shire will consider all circumstances, applying the principles of fairness, integrity and confidentiality whilst complying statutory responsibilities.

3 Payment Arrangements

Payment arrangements facilitated in accordance with Clause 2 of this Policy, and Section 6.49 of the Act are of an agreed frequency and amount. These arrangements will consider the following:

- That a ratepayer or debtor has made genuine effort to meet rate and service charge obligations in the past;
- The payment arrangement will establish a known end date that is realistic and achievable;
- The ratepayer or debtor will be responsible for informing the Shire of Wandering of any change in circumstance that jeopardises the agreed payment schedule.

In the case of severe financial hardship, the Shire reserves the right to consider waiving additional charges or interest (excluding the late payment interest applicable to the Emergency Services Levy).

4 Interest Charges

A ratepayer or debtor that meets the Financial Hardship Criteria and enters into a payment arrangement may request a suspension or waiver of interest charges. Applications will be assessed on a case by case basis.

5 Deferment of Rates

Deferment of rates may apply for ratepayers who have a Pensioner Card, State Concession Card or Seniors Card and Commonwealth Seniors Health Care Card registered on their property. The deferred rates balance:

- remains as a debt on the property until paid;
- becomes payable in full upon the passing of the concession card holder, or if the property is sold or if the concession card holder ceases to reside in the property;
- may be paid at any time, BUT the concession will not apply when the rates debt is subsequently paid (deferral forfeits the right to any concession entitlement); and
- does not incur penalty interest charges.

6 Debt recovery

Debt recovery processes will be suspended whilst negotiating a suitable payment arrangement with a ratepayer or debtor. Where a ratepayer or debtor is unable to make payments in accordance with the agreed payment plan and the debtor advises the Shire, and makes an alternative plan before defaulting on the 3rd due payment, then the Shire will continue to suspend debt recovery processes.

Where a ratepayer or debtor has not reasonably adhered to an agreed payment plan, then for any rates, debt and service charges that remain outstanding on 1 July of any financial year, the Shire will offer the ratepayer one further opportunity of adhering to a payment plan that will clear the total debt by the end of that financial year.

Rates, debt and service charges that remain outstanding at the end of the said financial year, will then be subject to the rates debt recovery procedures prescribed in the *Local Government Act 1995*, and Council Policy 41.

7 Review

The Shire will advise affected ratepayers or debtors of all decisions made under this policy, and advise them of their right to seek a review by the full Council.

8 Communication and Confidentiality

The Shire will maintain confidential communications at all times and undertakes to communicate with a nominated support person or other third party at the ratepayer's or debtor's request.

The Shire recognises that applicants during the times of a declared State of Emergency are experiencing additional stressors, and may have complex needs, and will provide additional time to respond to communication and will communicate in alternative formats where appropriate. All communication with applicants is to be clear and respectful.

9 Conflict of Interest

Where the ratepayer or debtor has a close relationship with any employee, or Council Member, that employee or Council Member must remove themselves from any decision-making process.

Where the predominate use changes, application must be made to the minister in accordance with 6.28 to determine the valuation method.

Vacant Land

ADOPTED POLICY	
TITLE:	CEO Conflicts of Interest
OBJECTIVE:	<ul style="list-style-type: none"> To ensure that all management decisions made by the CEO (Chief Executive Officer) are based on merit and all work conducted by the CEO is carried out in an impartial, ethical and professional manner.

DEFINITIONS

'The Shire': The Shire of Wandering

'Conflict of interest': Occurs when an individual's performance of a public duty may be compromised due to that individual's personal interests. A conflict of interest may be actual or potential or where the situation can reasonably be seen to create an apprehension of bias.

'Apprehension of bias': Arises where there is a real possibility that a reasonable person, properly informed and viewing the circumstances realistically and practically, could conclude that the decision-maker might well be prone to bias.

'Personal interest': Includes the private, professional or business interests of a person, or of an individual or groups with whom they are closely associated. Personal interests may be financial or non-financial.

'Closely Associated Persons': is defined by s5.62 of the *Local Government Act 1995*, as:

(1) For the purposes of this Subdivision a person is to be treated as being closely associated with a relevant person if —

- (a) the person is in partnership with the relevant person; or
- (b) the person is an employer of the relevant person; or
- (c) the person is a beneficiary under a trust, or an object of a discretionary trust, of which the relevant person is a trustee; or
 - (ca) the person belongs to a class of persons that is prescribed; or
- (d) the person is a body corporate —
 - (i) of which the relevant person is a director, secretary or executive officer; or
 - (ii) in which the relevant person holds shares having a total value exceeding —
 - (I) the prescribed amount; or
 - (II) the prescribed percentage of the total value of the issued share capital of the company, whichever is less; or
- (e) the person is the spouse, de facto partner or child of the relevant person and is living with the relevant person; or
 - (ea) the relevant person is a Council member and the person —
 - (i) gave an electoral gift to the relevant person in relation to the election at which the relevant person was last elected; or
 - (ii) has given an electoral gift to the relevant person since the relevant person was last elected; or
 - (eb) the relevant person is a Council member and the person has given a gift to which this paragraph applies to the relevant person since the relevant person was last elected; or

(ec) the relevant person is a CEO and the person has given a gift to which this paragraph applies to the relevant person since the relevant person was last employed (or appointed to act) in the position of CEO;
or

(f) the person has a relationship specified in any of paragraphs (a) to (d) in respect of the relevant person's spouse or de facto partner if the spouse or de facto partner is living with the relevant person.

The following also meets the definition of "closely associated persons" for the purposes of this Policy:

S5.74 of the Local Government Act 1995 defines a "relative" as:

relative, in relation to a relevant person, means any of the following —

(a) a parent, grandparent, brother, sister, uncle, aunt, nephew, niece, lineal descendant of the relevant person or of the relevant person's spouse or de facto partner;

(b) the relevant person's spouse or de facto partner or the spouse or de facto partner of any relative specified in paragraph (a),

whether or not the relationship is traced through, or to, a person whose parents were not actually married to each other at the time of the person's birth or subsequently, and whether the relationship is a natural relationship or a relationship established by a written law;

Also for the purposes of this Policy, and in addition to the above, "relative and/or family" can be: fiancé or life partner of the CEO.

POLICY STATEMENT

The Shire's approach to managing conflicts of interest is based on the following principles:

- Conflicts of interest, where they exist, even where small and considered inconsequential, are to be disclosed as soon as practicable, and be transparent and documented.
- Conflicts of interest in themselves are not necessarily wrong or unethical, however identifying and managing the conflict of interest is critical to maintaining public confidence and ensuring objective decision making.
- Conflicts of interest cannot always be avoided; however, conflicts of interest must be appropriately and efficiently managed.
- The CEO has a responsibility to minimise creating or entering into situations which may result in a conflict of interest for themselves, or other people. However, no person should be excluded from the opportunity to apply for a position of employment with the Shire simply because it might result in a situation involving a conflict of interest.

Where possible, the CEO will ensure that there is no actual or potential conflict of interest between her or his personal interests and the interests of the Shire. This will assist to ensure the impartial fulfilment of her or his professional duties.

Tendering and Purchasing

A situation may arise where the Shire is looking to purchase goods or services, and a prospective supplier is closely associated person of the CEO.

In order to avoid any actual or potential conflict of interest in such a situation, the CEO must:

- disclose to the Council that they are closely associated with a prospective supplier, prior to selecting a preferred supplier;
- not participate in the process of selecting a preferred supplier, but may authorise another suitably qualified employee to determine the matter; or
- if no suitably qualified employee is available, then the CEO must seek the approval of the Council to determine the matter.

This does not prevent a person who is closely associated with the CEO from being selected for the supply of goods or services, where the following are satisfied:

- the supply would be the most advantageous to the Shire when compared to the alternatives;
- the Shire's Code of Conduct has been complied with; and
- the Shire's Purchasing and Tender Policy has been complied with.

Employee Management

Except where it is operationally unavoidable, an employee who is closely associated with the CEO, must not report directly to the CEO.

Where the closely associated person reports directly to the CEO, all performance and salary reviews, termination and/or disciplinary matters must be undertaken by an independent HR Consultant, or another employee qualified to do so. Other matters, such as leave applications, may be determined by another employee qualified to do so. Any opportunity for promotion falls under the scope of recruitment, under the guidance of Operational Policy CEO-I-14.

Recruitment

When dealing with recruitment where a closely associated person is an applicant, a panel of three persons is a minimum requirement to undertake the recruitment processes and make a recommendation to the CEO, all of whom must have no interest in the matter. Further information regarding conflicts of interest in the recruitment process can be found in Operational Policy CEO-I-14.

Secondary employment

While on duty, the CEO will give their whole time and attention to the Shire's business and ensure that their work is carried out efficiently, economically, and effectively, and that their standard of work reflects favourably both on them and on the Shire.

The CEO must not engage in secondary employment (including paid and unpaid work) without receiving the prior approval of the Council. Such approval will not be unreasonably denied where it is community or service club based and there is no remuneration for services.

Stages for Managing a conflict of interest

The stages of managing a conflict of interest are:

1. Identifying that there may be an actual or potential conflict of interest and/or a situation that could reasonably give rise to an apprehension of bias.
2. Declaring the conflict of interest to the Council prior to the start of any decision-making or assessment process, or as soon as a conflict is identified.
3. Documenting the conflict of interest and/or situations that could reasonably give rise to an apprehension of bias.
4. Ensuring that there are appropriate mechanisms in place to manage the conflict of interest or situation that could reasonably give rise to an apprehension of bias, for example, engaging staff, external consultants, or former local government CEO(s).

TITLE:	Vehicle Plant and Equipment Management
OBJECTIVE:	The objective of this policy is to ensure Council's vehicles, plant and equipment are standardised and meet operational requirements, required safety standards and are replaced at a time that optimises its use and minimises the whole of life costs.

POLICY STATEMENT

The Chief Executive Officer is responsible for the administration of this Policy and for the determination of the use and categories of vehicles together with application of conditions of use.

When acquiring and disposing of vehicle plant and equipment, the Shire shall apply a structured test based on the following four key principles, being:

- **Economic Criteria** - Whole of life costs shall be estimated from best available data and highest preference shall be given to the vehicle with the lowest optimised whole of life cost.
- **Functional Criteria** - Highest preference shall be given to the vehicle that best fits the functional requirements of the position for which the vehicle or equipment is being acquired.

ADOPTED POLICY	
TITLE:	Complaints Management
OBJECTIVE:	To provide the highest level of service to the Shire of Wandering’s customers and establish a framework to guide the Shire in its management and handling of complaints.

The Shire of Wandering (the ‘Shire’) is committed to managing complaints in a consistent and unbiased manner that complies with Australian Standard Guidelines and the WA Ombudsman thus ensuring an open and responsive complaints handling process.

This policy applies to all Elected Members, staff and contractors of the Shire that receive and manage customer feedback relating to products and services delivered by or on behalf of the Shire.

For the purposes of this policy, the following is not classified as a complaint:

- Requests for Shire services;
- Requests for information or explanations of policies, procedures or decisions of Council
- Reports of damaged or faulty infrastructure (eg damaged footpath, potholes in road);
- Reports of hazards;
- Reports concerning neighbours or neighbouring property (ie noise or unauthorised building works);
- Issues over twelve months old; or
- The lodging of an appeal in accordance with policy or procedure.

DEFINITIONS

Complaint: The Australian Standard for Complaints Management (ISO 10002:2014) defines a complaint as any “Expression of dissatisfaction made to or about an organisation, related to its products, services, staff or the handling of a complaint, where a response or resolution is explicitly or implicitly expected or legally required”.

Malicious Complaint: A complaint made for the purpose of hurting another person (their career, their reputation or their livelihood).

Frivolous Complaint: A complaint that has no serious purpose or value. It may have little merit and be trivial; investigating would be out of proportion to the seriousness of the issue complained about.

Vexatious Complaint: A complaint that is not supported by any evidence and there is other evidence to suggest that the complaint was made primarily for the purpose of causing annoyance.

POLICY STATEMENT

The Shire recognises that customers have a right to expect that principles of efficiency, effectiveness, fairness, impartiality and responsiveness will underpin service delivery. When customers believe that their expectations have not been met, they have the right to expect that the Shire will deal with their concerns in a professional, respectful, satisfactory and timely manner.

The Shire welcomes customer service complaints as a form of feedback, and will use this feedback to:

- 1) Provide opportunities for system and process improvement;
- 2) Provide equitable redress to the customer for poor service or processes; and
- 3) Provide an opportunity to actively resolve service complaints and reduce the incidence of recurring complaints.

COMPLAINTS HANDLING

The Shire will endeavour to resolve issues that are the subject of complaints at the first point of contact or within a reasonable timeframe. Complaints may be lodged with the Shire in the following ways:

- In writing;
- By telephone;
- In person; or
- Completing a Complaint Report available at the Shire Office or on the Shire's website.

Complainants are encouraged to include their name, address and contact number and a brief description of the issue.

ANONYMOUS COMPLAINTS AND CONFIDENTIALITY

An anonymous complaint will only be investigated where reasonable and sufficient information is provided and which, in the opinion of Shire staff, constitutes:

- a breach of statutory provisions;
- a breach of an approval, licence or permit;
- a matter for which the Shire is obliged to act, prescribed in the Local Government Act 1995, Corruption, Crime and Misconduct Act 2003 or under any other written law;
- a matter which if not attended to could reasonably constitute a risk to public health and safety or persons, animals or the environment; and
- a matter which is deemed to be capable of investigation and resolution without assistance from the complainant.

The Shire encourages complainants to provide full contact information when lodging complaints, however where a complainant requests their identity and complaint details remain confidential; the Shire will ensure to the best of its ability that disclosure of any personal information to third parties is not made. The Shire however cannot guarantee that they will not be identified during investigation, and as such, it is the complainants right to decide if they would like to proceed with the complaint.

MALICIOUS, FRIVOLOUS AND VEXATIOUS COMPLAINTS

While there is currently no legislative provision to deal with Vexatious complaints, the Department of Local Government has advised that it is within the local government's administrative responsibility to take whatever action it considers necessary.

Every endeavour will be made by the Shire to deal with complaints with the utmost seriousness, however the Shire may refuse to investigate a complaint if:

- the complainant behaves in an ongoing actively hostile manner;
- the complaint is considered to be trivial and/or frivolous; or
- the complainant is consistently making complaints of trivial and/or frivolous matters.

The Shire may consider it appropriate to determine that vexatious questions, complaints and repetitive communications are not given priority or that no further action will be taken regarding the complaint as the complaint may divert a substantial and unreasonable portion of the Shire's resources away from its other functions.

The Shire may, at its discretion, seek legal advice with respect to implications of the suspected malicious, frivolous or vexatious complaint.

UNREASONABLE CONDUCT BY COMPLAINANTS

Unreasonable Persistence: In some instances, the Shire will encounter complainants who refuse to accept the decision of the complaint handler solely on the fact that the decision was not in the complainants favour. Complainants may also make persistent and repeated contact with the Shire to the point that the complaint or complainant diverts a substantial and unreasonable portion of resources away from the Shire's other functions.

Unreasonable Behaviour: In some instances, the Shire will encounter complainants whose behaviour is aggressive or threatening, consistently rude, abusive or the complainant makes threats to oneself, staff or third parties (whilst using Council services or on Council premises) or in general.

Under the above circumstances, details of complaints are to be provided to the Chief Executive Officer who will recommend that:

- 1) further correspondence and/or telephone contact with the complainant be restricted;
- 2) further discussions, interviews etc will not be granted that relate to the same matter;
- 3) access to Council premises be restricted for a specified period of time.

The Chief Executive Officer (CEO) will consider all facts and issues of the individual case prior to acting on any recommendation/s. If a decision is made to endorse the recommendation, the CEO will write to the complainant explaining the decision.

All threats made to staff or third parties will be reported to the WA Police.

COMPLAINTS THAT WILL NOT BE INVESTIGATED

The Shire may determine that a complaint will not be investigated where that complaint:

- is considered malicious, frivolous or vexatious or not made in good faith or concerns trivial matters;
- involves a matter where an adequate remedy or right of appeal already exists, whether or not the complainant uses the remedy or right of appeal;
- where a matter is subject to an existing mediation process;
- relates to a decision made by a meeting of Council;
- relates to conduct before a court, coroner or tribunal;
- relates to a matter under investigation by the Minister for Local Government, Corruption and Crime Commission, the WA Ombudsman's office, a Minister of the Crown or Government Department or the WA Police Service;
- relates to the appointment or dismissal of an employee or an industrial or disciplinary issue;
- relates to a decision, recommendation, act or omission which is more than one year old;
- relates to actions or conduct of private individuals;
- involves a matter where the complainant declines or refuses to provide further information and/or there are threats made against the Shire and/or its staff.

Should the Shire decide not to investigate a complaint, the complainant will be advised of the reason for the decision.

COMPLAINTS REGARDING ELECTED MEMBERS

The Local Government (Rules of Conduct) Regulations 2007 provides a disciplinary framework to address matters of misconduct by local government council members. Any person may make a formal complaint about an elected member for a minor or serious breach under these Regulations.

Conduct of elected members is covered by "Code of Conduct - Elected Members". Complaints about conduct can also be made through this document which can be found on the Shire's website at www.wandering.wa.gov.au

ALLEGATIONS OF MISCONDUCT

Allegations concerning criminal, corrupt or seriously improper conduct will be dealt with independent of the Shire's complaint handling process. The Shire has appointed Principal Officers who are required by legislation to assess and if required notify the Public Sector Commission (PSC) or the Corruption and Crime Commission (CCC) for instances of minor or serious misconduct.

Misconduct by Elected Members

Any allegations of misconduct, whether minor or serious in nature, will in the first instance be referred to the Chief Executive Officer and/or Shire President for determination including whether there are reasonable grounds for the compulsory notification to the CCC or the Police.

Misconduct by Employees/Public Officers

Allegations of misconduct of a minor nature, will be referred to the PSC if the misconduct could constitute a disciplinary offence providing reasonable grounds for termination of a person's employment.

In circumstances of serious misconduct, where misconduct involves corrupt intent and/or criminal conduct, these matters will be referred to the CCC.

Further information is available from the Commissions website - www.ccc.wa.gov.au

THE PUBLIC INTEREST DISCLOSURE ACT 2003 (PID ACT)

The PID Act is designed to facilitate the disclosure of allegations or complaints about persons who are government officials, or public authorities and their contractors. This legislation specifically covers improper conduct, corruption, irregular or unauthorised use of public resources, conduct involving a substantial and specific risk or injury to public health, prejudice to public safety or harm to the environment.

Before making a disclosure it is important that you are aware of the rights and responsibilities imposed on you and others under the Act. Further information is available through the Shire's website at www.wandering.wa.gov.au

COMPLAINTS TO THE OMBUDSMAN AND THIRD PARTY AGENCIES

The Ombudsman can investigate complaints about most Western Australian public authorities, including local governments.

Generally the Ombudsman will investigate actions or decision where the decision maker has:

- Acted outside their legal authority;
- Not followed policy, or applied its policy inconsistently;
- Did not consider all the relevant information, or considered irrelevant information;
- Unreasonably delayed making a decision or informing the complainant of the decision; or
- Failed to notify the complainant of the decision or did not provide reasons for a decision.

Complaints in this category will be dealt with independent of the Shire's Complaint Handling process.

REVIEW PROCESS

Where a complainant is dissatisfied with the way in which a complaint has been dealt with and/or the final determination of the complaint by the Shire, the following is to occur:

- 1) The complaint is to be referred to the relevant Director to investigate the matter and review the action and steps taken to resolve the complaint;
- 2) A report will be provided to the CEO detailing the history of the complaint and the actions taken to resolve the issue/s;
- 3) The CEO will determine the appropriate resolution of the outstanding complaint and the review of the service complaint handling process.

Should the CEO consider appropriate, an independent review of the complaint will be carried out.

In circumstances where internal processes are unable to resolve a complaint or satisfy the complainant, the Shire may refer the complainant to appropriate external agencies, such as the State Administrative Tribunal or State Ombudsman Office, for review.

All complaints received by the Shire will be recorded in the mandated records management system as a 'complaint'.

4. Password Management

Passwords are a common way to verify an identity. It is important that the password for your network user-id cannot be easily guessed.

5. Internet Use

The Internet is a shared resource; and as such users must be considerate of others. Using the Internet in a manner that may cause offence or bring the Shire into disrepute is prohibited and may result in disciplinary proceedings.

Offensive material includes but is not limited to:

- Obscene or harassing language or images;
- Negative racial, ethnic, sexual, erotic or gender specific comments or images; and
- Other comments or images that would offend someone on the basis of their religious or political beliefs, sexual orientation, physical features, nationality or age.

The Shire permits its user base to access and use the internet to carry out their duties, to contribute to the achievement of Shire business objectives and for staff development.

The Shire has the right to implement systems to automatically block access to certain sites that are considered to be either inappropriate or are being abused.

- You must not deny nor disrupt access to resources required by other staff in the performance of their duties. Such activity may include but is not limited to streaming media, excessive downloads, excessive non-business use and/or inappropriate sites;
- You must take all reasonable care when downloading, accessing or executing files on or from the Internet services. The consequences of introducing viruses or any other harmful software through the Internet environment may be serious and of great expense to the organisation;
- The ICT contractor should be contacted immediately if there is suspicion that a file, communication or information may contain a virus;
- You should be particularly careful of the potential for disclosing information on the internet. The capture of information containing workstation details, browser settings, network and personal information is a significant risk on the Internet and contributes to network compromise and 'phishing' (tricks used to fool the user into surrendering private information that will be used for identity theft);
- You should not reuse an existing network user-id or password associated with the Shire on any public web sites. Since public web sites are outside the control of the Shire, there can be no assumption as to the security of the site. Using an important network user-id or password on such a site must be avoided;
- All software products must be authorised and licensed before being installed on any equipment; and
- You are reminded that copyright restrictions often apply to all Internet files including web page content, images and documents.

6. Email

Email is an important business tool but is also subject to misuse. The organisation is committed to the appropriate use of this tool and expects all users to comply with acceptable usage directives.

It is important to note that all email messages that are created, sent or received using the email service remain property of the Shire.

- The Shire email system is to be used explicitly for the conduct of Shire related business. ie. no use for personal communications is permitted.
- You should not forward unsolicited email (spam) or items such as chain letters.
- Emails are business records and should be filed into the records management system in the same way as any other business record and deleted from your Inbox. Any filing questions are to be referred to the Customer Service Coordinator.
- Elected Members are to send a copy of pertinent Council-related email records, as defined by the *State Records Act 2000*, to csc@wandering.wa.gov.au where they will be registered appropriately.

- Consider that emails are not necessarily delivered or read by the recipient immediately, so other forms of communication should be considered where the matter is urgent.
- You should take reasonable care when opening attachments received with emails. If there is a suspicion that a file may be infected by a virus, you should contact the ICT Contractor immediately.
- Judgement should be used when forwarding emails that you have received to ensure you are not breaching the confidence of the sender.
- Emails should be drafted in a professional manner. Adhere to acceptable standards of email etiquette; i.e. All capitals indicates 'yelling'. Address your recipient by name. i.e., Hi xxxx.
- Email messages must not contain content considered to be offensive. If you receive material that you believe may be offensive you should respond to the sender professionally conveying your objection.
- You should always use subject headings to help identify relevance of content for recipients.
- Email should not be considered a file transfer tool. Consider use of accepted file transfer tools such as 'Dropbox' if sending large files to external bodies.
- A size quota may apply to your email account. Size violations will result in the inability to send email, until your inbox, sent items and subfolders, are reduced.

7. Disclaimer

The following disclaimer should be added to all email sent from an officer or elected member in regard to the corporate email system:

The information contained in this email, including any attachments, may be confidential and / or contain legally privileged information. If you are not the intended recipient any use, disclosure or dissemination of this email is unauthorised. If you have received this email in error, please delete all copies, including any attachments and alert the sender. Virus scanning is the responsibility of the recipient.

Please consider the environment before printing this e-mail

8. Shires Email Addresses

The Shire's primary public e-mail address is reception@wandering.wa.gov.au. Emails to this address will be received by the Customer Service officer who will register and distribute the email to the appropriate officer.

9. Malicious Software

Malicious software is a term used to describe programs that can maliciously attack and affect computer files and cause some unwanted actions whenever those files are used. Viruses and Malware are examples of this.

The most common way for malicious software to be introduced to a system is via a file accessed from an external source, such as from a memory stick, e-mail attachment or by downloading a file from the Internet.

It is therefore important for all users to be careful that they do not introduce malicious software, and to be diligent in detecting unusual events and reporting them immediately to the ICT Contractor.

- If you encounter a message indicating that a software virus has been detected but not cleaned you must advise the ICT Contractor who will act to prevent any further distribution of the virus;
- Do not install browser plug-ins such as toolbar add-ins;
- Do not open any files attached to an email message from an unknown, suspicious or untrustworthy source;
- Do not open any files attached to an email message if the subject line is questionable or unexpected;
- If you receive an untrusted attachment, delete the file;

- Delete chain emails and junk email. Do not forward or reply to any to them. These types of email are considered spam, which is unsolicited and intrusive;
- You must not download files from suspicious web sites.

10. Computer Software and Licensing

Software that does not have a valid licensing agreement is not to be used on any Shire maintained equipment.

All software must be used in accordance with specified license or copyright terms and conditions.

Proprietary software licensed for use must only be loaded onto owned equipment. Copies must not be taken for use on other equipment, including privately owned equipment, unless explicitly permitted by the licensing agreement and /or authorised by the CEO.

The download and installation of software to Shire owned equipment is only to be performed by the ICT Contractor.

- You must comply with all formal licensing requirements with regards to all software;
- You must inform the CEO or Customer Service Coordinator of any software that you no longer require, so that it can be removed in a timely manner and reallocated if applicable;
- You must not install or use any unauthorised software designed to compromise or bypass any security controls. Use of such software is strictly prohibited and will be considered a significant breach.

11. Mobile Devices

Due to the portable nature of notebook computers and other mobile devices, there is a requirement to maintain physical and data security.

- You must take special care to ensure that the Shire's information is not compromised through use of mobile devices in a public place. You should attempt to ensure that screens displaying sensitive or critical information cannot be seen by unauthorised persons;
- Never leave notebook computers or other mobile devices unattended in a public place, in an unlocked house, or office. Where possible, they should be physically locked away.
- Do not modify settings for password validation on mobile equipment. If authentication (identity verification) is enabled, do not disable it.

12. Physical Security and Protection

Physical and environmental issues affect all aspects of information security. These issues range from unauthorised physical access and exposure to environmental factors such as fire and flooding.

Physical security must be provided for all information regardless of the technology and including telecommunications equipment or facilities to ensure that associated assets are adequately protected against loss, damage or other risk.

- Ensure that office sites are appropriately physically secured;
- Never allow external parties to access Shire premises network access points or wireless network system;
- Shire property must be adequately maintained cared for;
- Supplied protective covers must not be removed;
- Do not leave sensitive electronic equipment in hot vehicles.

13. Remote Access and Remote Working

All remote access to Shire information assets must be approved by the CEO.

- Use of a remote access facility to access systems will only be granted if it is consistent with information security standards;
- You will be held accountable for all actions performed under your network user-id and password;
- To facilitate this, you must never leave a remote access session unattended, even if you are not currently signed-on to an application or other information system;

- Always disconnect a remote access session immediately after you have signed-off an application or other system;
- Never allow another person to operate a remote access session that you have established.

14. BYOD

The Shire supports the flexibility afforded by a Bring Your Own Device scheme.

If and when approved by the CEO, a user's personal device may be used to connect to Shire email and other selected information systems.

15. Incident Response and Issue Resolution

It is important that all suspicious events which involve Shire information assets are:

- Reported;
- Investigated;
- Responded to in a timely manner; and
- Evaluated for business impact.

Routine Help Desk requests can be logged via email, whereby the ICT Contractor will attend to resolution as soon as possible. Sending an email to support@focusnetworks.com.au noting the nature of the issue will automatically create a helpdesk request and assign it to an ICT staff member to action. You will receive a return confirmation email.

Any irregular or suspicious activity should be reported to the ICT Contractor.

16. Roles and Responsibilities

The **CEO** is responsible for:

- The provision and implementation of assets, supporting systems, applications and processes that give effect to this policy.
- The establishment and maintenance of monitoring and compliance systems and processes to ensure that the supporting mechanisms function effectively. Facilitating an appropriate user induction of ICT system usage.

All users are required to adhere to the Shires ICT directives and Code of Conduct. In extenuating circumstances, exceptions to procedures require the approval of the CEO.

Employees, Elected Members, and authorised users are to create and maintain records relating to the business activities they perform in a manner commensurate with legislation, policy, and directives, for the effective management of corporate knowledge.

Employees, Elected Members, and authorised users are to comply with this policy.

The **Chief Executive Officer** must ensure that a fit-for-purpose system is made available for the maintenance and management of records and information that is compliant with records management legislation and State guidelines and procedures.

The Executive and Supervisors are responsible for fostering and supporting a culture that promotes good recordkeeping and information management practices, and ensuring that records management organisational directives and work instructions are known and adhered to. This includes ensuring that users are appropriately trained.

All users must access ICT resources in a manner that does not contravene the law. Use must be appropriate and authorised.

All users are records managers.

Shire ICT resources and data may be accessed or monitored by authorised persons at any time without notice to the user. This includes, but is not limited to, use of email systems and other electronic documents and records; however, authorised persons must have a valid reason for accessing or monitoring such.

17. Potential Outcomes of a Breach of the Conditions of this Policy to the Shire

Non conformance with the ideals and requirements contained herein may result in:

- Breach of the Shire network by malicious parties resulting in data loss and/or reputational damage;
- Widespread viral/malware infection leading to loss of productivity;
- Unauthorised internal access to confidential material;
- Breaches of privacy;
- Access to and/or display of discriminative or offensive material;
- Legal proceedings resulting from inappropriate online activity;
- Significant incurred internet or call costs.

18. Consequences of Contravening the Policy

- May result in disciplinary action in accordance with the Code of Conduct for Council Members, Committee Members and Employees;

- If a violation is considered a criminal offence, the appropriate law enforcement agency will be informed;
- The Crime and Corruption Commission will be notified if misconduct is suspected to have occurred.

ADOPTED POLICY			
TITLE:	Fraud, Corruption and Misconduct		
OBJECTIVE:	To articulate the Shire's commitment to a zero-tolerance approach to fraud, misconduct, bribery and corruption through the identification and implementation of strategies to prevent, detect and respond to fraud and corruption.		

DEFINITIONS

Fraud is defined by Australian Standard AS8001 – 2021 as: “Dishonest activity causing actual or potential financial loss to any person or entity including theft of monies or other property by employees or persons external to the entity and where deception is used at the time, immediately before or immediately following the activity.”

Fraud can take many forms including:

- The misappropriation of assets;
- The manipulation of financial reporting (either internal or external to the Shire); and
- Corruption involving abuse of position for personal gain.

Corruption is defined by Australian Standard AS8001 – 2021 as:

“Corruption is dishonest activity in which an employee or contractor of the entity acts contrary to the interests of the entity and abuses their position of trust in order to achieve some personal gain or advantage for themselves or for another person or organisation. The concept of corruption’ can also involve corrupt conduct by the entity, or a person purporting to act on behalf of and in the interests of the entity, in order to secure some form of improper advantage for the entity.”

Corruption is any deliberate or intentional wrongdoing that is improper, dishonest or fraudulent and may include:

- Conflict of interest;
- Failure to disclose acceptance of gifts or hospitality;
- Acceptance of a bribe;
- Misuse of internet or email; or
- Release of confidential or private information or intellectual property.

Corrupt conduct tends to show a deliberate intent or an improper purpose and motivation and may involve conduct such as the deliberate failure to perform the functions of office properly; the exercise of a power or duty for an improper purpose; or dishonesty.

POLICY STATEMENT

The Shire of Wandering has adopted a zero-tolerance approach to Fraud and Corruption and will appropriately deal with all allegations and suspected instances of Fraud and Corruption. - Any external party involved in providing goods or services to the Shire, such as contractors, consultants, outsourced service providers and suppliers.

Fraud and Corruption Management

This Policy along with the Code of Conduct, the Shire's values and culture and its governance and risk management policies all operate in synergy to prevent, detect and respond to potential or actual fraud and misconduct. The Shire's organisational structure provides clearly defined responsibilities and appropriate segregation of duties and controls within systems, particularly financial and procurement, that inhibits opportunities for fraud to occur. The zero-tolerance tone is set by the Chief Executive Officer and the Senior Leadership Team. The structure also includes an independent external audit function that receives reports from the Chief Executive Officer on the appropriateness and effectiveness of internal control, legislative compliance and risk management.

To provide guidance to Council members, committee members, contractors, employees, and volunteers, rules and requirements will be enforced as prescribed in relevant legislation as per the Code of Conduct. When any of the above are acting on behalf of the Shire, they must hold our values and code in the highest esteem.

Public Interest Disclosure

Any person may make an appropriate disclosure of public interest information to a proper authority (includes a local government). The legislation which governs such disclosures is the *Public Interest Disclosure Act 2003*. A disclosure can be made by anyone and may be made anonymously. This means that the person enjoys immunity from civil or criminal liability and is protected from any disciplinary action or dismissal. The Act requires local governments to appoint a person, known as the Public Interest Disclosure Officer (PID Officer), to whom disclosures may properly be made. The PID Officer should be consulted when considering whether to make a disclosure. The CEO, Shire President and Deputy President have been appointed as PID officers for the Shire of Wandering.

Disciplinary and Recovery Action

Alternatively, the complaining officer can report the allegation to any of the other PID Officers who will make necessary arrangements to investigate the matter independently in compliance with the local government act and regulations.
