7. MATTERS REQUIRING COUNCIL DECISION

7.1 Buildings & Sea container – Lot 94 O’Connell Road

NAME OF APPLICANT: WJ Hassett
FILE REFERENCE: A453
AUTHOR: EHO/BS

SUMMARY:

Attached for Council’s information is a letter from the occupant (Mr W Hassett) the occupant of the above mentioned Lot to keep a sea container and an ablution block that are currently located on the block.

These items were used during the construction of the dwelling on the Lot. These types of buildings are exempt from requiring a building licence whilst construction is taking place. This exemption ceases once construction is completed unless exempted by the Local Government.

Approval was also given for the occupants to live on site whilst building the dwelling under the provisions of the Caravan Parks & Camping Grounds Regulations on the proviso that all temporary buildings associated were removed at the completion of the dwelling.

Currently on the site there are the sea container, transportable ablution block, a green transportable building and a solid annex attached to a caravan. There is also a small green garden type shed and the dwelling.

It is a requirement that the sea container, transportable ablution block, the green transportable building and the solid annex be removed at the completion of the dwelling or building licences is applied for. It should be noted that the green transportable building and the solid annex are located outside the building envelope.

COMMENT:

There are requirements for the removal of temporary buildings and sanitary conveniences under the Building Regulations (4(1)(b)) and the Health Act (Section 102). Should the proponent wish to keep these buildings then a building licence may be required. There is mention by Mr Hassett of buildings under 12m² being exempt from requiring a building licence. It should be noted that this is a general policy and not a legislated requirement and if a building is smaller than 12 m² a building licence may be required.

The essence of the matter is that it is required for the buildings used during construction of the dwelling to be removed and Mr Hassett wishing to keep two of these buildings. From a health and building viewpoint this should cause no problem as long as the requisite licences and approvals have been given.

From an aesthetic view the buildings do not blend in with the site and could be seen to be an eye sore.

The solid annex and green transportable building will need to be removed because they are located outside the building envelope.

RECOMMENDATION:

For Council discussion.

597:2011/12

Moved Cr Price, Seconded Cr McNeil that a policy be developed by Council to control the use of sea containers within the Shire.

7.2 Storm Damage

OF APPLICANT: CEO
FILE REFERENCE: 3.1.2
AUTHOR: CEO

SUMMARY:

The severe thunderstorm that came through Wandering on Friday 30 and Saturday 31 December has now been declared an *eligible disaster* under the Western Australia Natural Disaster Relief and Recovery Arrangements (WANDRRA), and pursuant to Section 4.2 of the Natural Disaster Relief and Recovery Arrangements Determination 2007, issued by the Australian Government Minister for Local Government, Territories and Roads. The State Government will provide immediate financial assistance to those people who have been affected through joint State and Commonwealth disaster relief and recovery arrangements.

Assistance under this proclamation is available in respect of the cost of repair and restoration of certain essential public assets which would include the road network infrastructure in the Local Government. Consideration will be given to proposals involving the *betterment* of roads to a more disaster-resilient standard than its pre-disaster standard.

COMMENT:

What this means is that the costs to clean up any debris from the storms and repairs required for bridges, roads, crossings, etc can now be recouped from FESA. In summary, for costs to be eligible for reimbursement they need to be either;

1. Recouping overtime hours worked by the outside crew, or
2. Payments made to outside contractors

Costs incurred by the Shire of Wandering workers during normal hours will not be reimbursed.

I have estimated that the damage bill will be in the vicinity of \$1.5m. Breaking this figure down my provisional estimates are that materials will make up approximately \$500k and the balance of costs will be labour, plant and the cost to use contractors. Much of the damage sustained has been to our gravel roads where there is approximately 40km of gravel sheeting to be completed, which means that the large quantities of gravel need to be sourced. The roads most affected were;

- North Wandering Rd
- York Williams Rd
- Codjatotine Hastings Rd
- Ricks Rd
- Potts Rd
- George Rd
- Bannister Rd
- Wandering Pingelly Rd (bridge)
- Reid Rd (crossing)

Many other roads have sustained some damage but the above road network will require the greatest amount of work to repair and replace the road infrastructure.

All roads have now been opened and the Codjatotine Bridge is also open to traffic. Materials for the Reid Road crossing have been ordered and collected and work on the crossing will commence on the weekend of Saturday 18 February. Following the completion of the Reid Road crossing, work will commence on the North Wandering Road crossing. Even on completion of these projects there are still many maintenance issues that need to be addressed which are currently road traffic hazards such as rebuilding shoulders on the North Wandering Rd, repairing/replacing numerous crossings and culverts, general road repairs, etc

The time that it is going to take to complete the works is a concern. I have spoken with surrounding Shires and have suggested that Shire's swap outside workforces to complete each other's works. To date the Shires of Wandering and Williams have agreed to do each other's works. However commencement of the majority of these works will not start until early March as both Shires need to complete funded works under the Regional Road Group funding.

MINUTES FOR THE MEETING HELD 16 FEBRUARY 2012

Regional Road Group projects need to be completed in the financial year that funding has been received whereas all other funded works programs can be carried forward to next financial year as the only requirement under RTR funding is that all funding is extinguished by the end of the 2013/14 financial year. All other budgeted road projects were to be funded by Council's own resources so these can be delayed without any financial concerns.

I am currently looking at different ways to approach the road maintenance program, however my preferred option is to work with other Shires rather than using just contractors. Using local Shires makes the most sense as works crews are familiar with the gravel sheeting requirements.

One idea I have thought of is that we could use local farmers as contractors to cart a certain quantity of gravel and have 3-4 graders operating at the onetime which would result in completing somewhere in the vicinity of 1km of gravel sheeting a day. This would not only make it possible to complete gravel sheeting more quickly, but it would also be a good means to compensate farmers and/or local contractors for what has been for many only an average year.

RECOMMENDATION:

For Council discussion.

RESOLVED by Council that the information be received and that the Shire advertise for local contractors to cart gravel and/or water.

7.3 Annual Electors Meeting

NAME OF APPLICANT: CEO
FILE REFERENCE: 1.4.7
AUTHOR: CEO

SUMMARY:

For the past few years the Electors Meeting has been held in February. The 2010/11 financials are currently being finalised and following the completion of the financials 21 days notice needs to be given before the Electors Meeting can be held.

COMMENT

My suggestion is that we hold the Electors meeting in March the week prior to the Council Meeting and that we incorporate the Electors Meeting with a Community Consultation evening whereby people could offer input into the 2012/13 budget process.

A survey could also be distributed prior to the meeting for people to complete and a copy could also be attached when we send out copies of the 2011 Annual Report to those that attended last year's Electors Meeting. By having a combined meeting I feel that we could get something useful out of the night rather than discussing, in most cases, what happened more than 12 months ago.

Serious consideration also needs to be given to having the Electors Meeting in August, September or October next year and just sending out a copy of the draft financials with the Annual Report. A copy of the finalised audited financials could then be made available at the Shire Office and distributed to everyone that attended the Electors Meeting.

RECOMMENDATION:

For Council discussion.

598:2011/12

Moved Cr McNeil, Seconded Cr Schorer that Council hold the Electors Meeting on Thursday 19 April at 7.30pm at the Wandering Community Centre with a questionnaire to be sent to households prior to the meeting requesting community consultation and/or requests for Council consideration during the 2012/13 Budget process.

7.4 Road Inspection

NAME OF APPLICANT: CEO
FILE REFERENCE: 33.1.21
AUTHOR: CEO

SUMMARY:

Council would be aware that we need to conduct the annual road inspection which in the past few years has been held prior to the April Ordinary Meeting. Following the road inspection it will be timely to have discussions from the road inspection to identify the priority roads for the 2012/13 Draft Budget.

COMMENT:

There are a few different options with the timing of the road inspection. My thoughts are that Council look at choosing one of the following options;

1. Have the road inspection prior to the Annual Electors Meeting in March
2. Have the road inspection before the April meeting
3. Start the April meeting at 8am, have lunch then do the road inspection
4. Select a date separate to either the Annual Electors Meeting or April meeting

RECOMMENDATION:

For Council discussion.

599:2011/12

Moved Cr Schorer, Seconded Cr Barge that Council hold the March Meeting at 7:00am with the road inspection to following the meeting.

7.5 Cemetery Signage

NAME OF APPLICANT: CEO
FILE REFERENCE: 6.1.1
AUTHOR: CEO

SUMMARY:

Revised pricing has been obtained to place signage at the front entrance of the shade structure at the cemetery. The dimensions of the sign are 7.2m long and 1.17m high and the cost to make the sign as per the attachment is \$1,800 + GST.

COMMENT:

There is provision in the budget of \$10,000 allocated to the cemetery shade structure and brick paving.

RECOMMENDATION:

For Council discussion.

7.6 Incident Report

NAME OF APPLICANT: LGIS
FILE REFERENCE: 14.1.6
AUTHOR: Mark Southgate, LGIS Regional Risk Co-ordinator

SUMMARY:

At the beginning of the New Year John Wyatt dropped the drag onto his hand while he was adjusting the blades and lost the top portion of his left index finger. Mr Wyatt has had several appointments with specialists in Perth and from all reports is recovering well.

Mr Wyatt is currently on workers compensation and is likely to available light duties in early March and will then need to be eased back into full duties.

As a result of the accident our local LGIS Regional Risk Co-ordinator, Mark Southgate, has prepared a report on the incident for Council. Worksafe have also been notified and no further action is required from their end.

COMMENT:

Council need to discuss the findings in the report in particular the future use of the drag by the Shire.

RECOMMENDATION:

For Council discussion.

RESOLVED by Council that the information be received.

7.7 LGIS Regional Risk Co-ordinator Report

NAME OF APPLICANT: LGIS
FILE REFERENCE: 14.1.6
AUTHOR: Mark Southgate, LGIS Regional Risk Co-ordinator

SUMMARY:

Mark Southgate, LGIS Regional Risk Co-ordinator has forwarded a copy of his Annual Report for 2011. Details of the report are shown in the attachment along with a summary of the Safety Distribution information pages sent out during the last 12 months.

COMMENT:

Staff and management of the Shire of Wandering will look to implement the recommended changes in the next 12 months.

RECOMMENDATION:

For Council information.

[Attachment 6](#)

RESOLVED by Council that the information be received.

7.8 Banners in the Terrace 2012

NAME OF APPLICANT: City of Perth
FILE REFERENCE: 18.1.3
AUTHOR: CEO

SUMMARY:

The Banners in the Terrace competition will again be held this year and displayed in the City of Perth. Entries for the competition need to be submitted by 30 March 2012 with banner design completed by 4 May 2012 and delivered to WALGA no later than 6 July 2012. All banners in the competition will then be displayed in the terrace from July 29 – August 11 with the winners of the individual categories announced at the Local Government convention on 3 August 2012.

COMMENT:

An amount of \$500 has been allocated in the budget to contribute towards the Wandering Primary School to make a banner to display in this year's competition

RECOMMENDATION:

That Council write to the Wandering Primary School to see if they would like to put an entry into this year's Banners in the Terrace and contribute an amount of up to \$500 for the reimbursement of materials used to make the banner.

601:2011/12

Moved Cr Dowsett, Seconded Cr McNeil that Council write to the Wandering Primary School to see if they would like to put an entry into this year's Banners in the Terrace and Council will contribute an amount of up to \$500 for the reimbursement of materials used to make the banner.

7.10 Feedback on Regional Australia Issues

NAME OF APPLICANT: Senator Barnaby Joyce
FILE REFERENCE: 3.1.1
AUTHOR: CEO

SUMMARY:

As the Shadow Minister for Regional Development, Local Government and Water, Senator Barnaby Joyce has written to the Shire of Wandering seeking Council feedback on three specific issues;

1. Regional Development Funding
2. Regional Development Policy
3. Constitutional Recognition of Local Government

COMMENT:

A summary of the specific issues are shown in the letter at **Attachment 8**.

RECOMMENDATION:

For Council discussion.

7.11 Bush Fire Infringement Notice

NAME OF APPLICANT: Palkington Pty Ltd atf Lane Family Trust
FILE REFERENCE: A224
AUTHOR: CEO

SUMMARY:

Dr Geoff Lane has written to Council requesting that his infringement notice for failing to have appropriate firebreaks be cancelled on the basis that the works had not been carried as a result of extenuating circumstances. A copy of the letter is shown at **Attachment 9**.

COMMENT:

The infringement notice was issued as a result of expectations that were carried out by all brigades in early November.

RECOMMENDATION:

For Council discussion.

7.12 Regional Mobile Communications

NAME OF APPLICANT: Telstra
FILE REFERENCE: 7.1.1
AUTHOR: CEO

SUMMARY:

Under the Royalties for Regions Fund \$40m was allocated to provide improvements to the current mobile telecommunications network infrastructure. Telstra were the successful tenderer and propose to establish 113 new and/or upgraded towers with the \$40m allocation. Details of the Telstra proposal are shown at **Attachment 10**.

COMMENT:

In the Dryandra 5 Year Plan funding for the regional component of the CLGF has been allocated towards mobile telephone towers. The purpose of this allocation was to look at leveraging additional state and federal funding to install additional towers and the current mobile communications project may provide some opportunities to look at upgrading or bringing forward some of the proposed sites.

RECOMMENDATION:

For Council information.

7.14 Boddington Supertown

NAME OF APPLICANT: Syme Marmion & Co. & Hames Sharley
FILE REFERENCE: 12.1.9
AUTHOR: CEO

SUMMARY:

As Council would be aware Boddington was selected as one of the 9 SuperTowns in the south west region of WA. The SuperTowns program is a Royalties for Regions initiative to encourage selected regional communities to prepare for the expected population growth in Western Australian leading out to the year 2050.

COMMENT:

Part of the process was for consultants to undertake community consultations and to prepare the Boddington SuperTown Growth Plan. Copies of the presentations from the two consultants are shown at **Attachment 12**.

RECOMMENDATION:

For Council information.

[Attachment 12](#)

RESOLVED by Council that the information be received.

7.15 IT Requirements

NAME OF APPLICANT: CEO
FILE REFERENCE: 1.3.1
AUTHOR: CEO

SUMMARY:

The office has been experiencing increasing down time as a result of faults to the IT server. The current server is a very basic model which would not have been upgraded for many years and is struggling to keep up with the demands of the various applications the server needs to host. In addition to the days of down time the office has been experiencing we are also experiencing additional data usage charges of between \$50 - \$350 month as a result of the issues to do with the server. Conservatively I would estimate that we are currently spending between \$7000-\$8000 addressing faults to do with the existing server. The cost to install a new server will cost around \$20,000.

COMMENT:

There is no provision in this year's budget for computer hardware upgrades and if Council wish to proceed then the capital expenditure will need to be approved. If the upgrades are not undertaken this financial year then there will be a need to include the costs in the 2012/13 Budget.

RECOMMENDATION:

For Council discussion.

[Attachment 13](#)

603:2011/12

Moved Cr Schorer, Seconded Cr McNeil that Council upgrade existing server immediately.

7.16 CEO Vehicle Changeover

NAME OF APPLICANT: CEO
FILE REFERENCE: 22.1.1
AUTHOR: CEO

SUMMARY:

WALGA and Holden have negotiated a local government exclusive deal for the remainder of the 2011/12 financial year which offers reducing pricing and a \$4,000 rebate on the new series of Holden Caprice models. The current CEO vehicle was last changed over in July 2011 and has done just under 13,000km's. The price to change the vehicle would be approximately \$800 (GST Inclusive) which is for the additional options such as window tinting which are not included in the standard pricing.

COMMENT:

There was only provision made for one vehicle changeover in the 2011/12 Budget, however with the current WALGA / Holden offer being extended until the end of this financial year it would seem a good opportunity to take advantage of the offer and change into a new vehicle for only a minimal amount.

RECOMMENDATION:

That Council proceed with the vehicle changeover with Edwards Holden.

604:2011/12

Moved Cr Dowsett, Seconded Cr McNeil that Council proceed with the vehicle changeover.
